

203C.8 License to specify type and quantity of products which may be stored.

The department shall determine with respect to each application for a license whether the warehouse or warehouses described in the application is or are suitable for the proper and safe storage of the particular agricultural product or products intended to be stored therein in the quantities specified in the application, provided that no warehouse shall be found to be suitable and safe for the storage of bulk grain unless such warehouse is equipped with a fixed or portable mechanical device of a type in common use as an adjunct to the movement of bulk grain. Each license issued for the operation of a single warehouse shall specify the type or types and quantities of agricultural products which may be stored in such warehouse. Each license issued to a warehouse operator for the operation of two or more warehouses shall specify with respect to each warehouse the type or types and quantities of agricultural product which may be stored in such warehouse. It shall be unlawful for any licensed warehouse operator to accept for storage or to store in any licensed warehouse any agricultural product or products other than the type or types and quantities specified in the license for the operation of such warehouse.
