

229.5A Preapplication screening assessment — program.

Prior to filing an application for involuntary hospitalization pursuant to section 229.6, the clerk of the district court or the clerk's designee shall inform the interested person referred to in section 229.6, subsection 1, about the option of requesting a preapplication screening assessment through a preapplication screening assessment program. The state court administrator shall prescribe practices and procedures for implementation of the preapplication screening assessment program.
