- 1. Include measurable and effective recruitment, assessment, and referral activities designed for the target populations.
- 2. Integrate basics skills and work-readiness training with occupational skills training.
- 3. Combine customized supportive and case management services with training services to help participants overcome barriers to employment.
- 4. Provide training services at times, locations, and through multiple, flexible modalities that are easily understood and readily accessible to the target populations. Such modalities shall support timeless entry, individualized learning, and flexible scheduling, and may include online remediation, learning lab and cohort learning communities, tutoring, and modularization.

2011 Acts, ch 132, §75, 106

260H.6 Pipeline program.

Each community college receiving funding for the pathways for academic career and employment program shall develop a pipeline program in order to better serve the academic, training, and employment needs of the target populations. A pipeline program shall have the following goals:

- 1. To strengthen partnerships with community-based organizations and industry representatives.
- 2. To improve and simplify the identification, recruitment, and assessment of qualified participants.
- 3. To conduct and manage an outreach, recruitment, and intake process, along with accompanying support services, reflecting sensitivity to the time and financial constraints and remediation needs of the target populations.
- 4. To conduct orientations for qualified participants to describe regional labor market opportunities, employer partners, and program requirements and expectations.
- 5. To describe the concepts of the project implemented with funds from the pathways for academic career and employment program and the embedded educational and support resources available through such project.
- 6. To outline the basic skills participants will learn and describe the credentials participants will earn.
- 7. To describe success milestones and ways in which temporal and instructional barriers have been minimized or eliminated.
- 8. To review how individualized and customized service strategies for participants will be developed and provided.

2011 Acts, ch 132, §76, 106

260H.7 Career pathways and bridge curriculum development program.

Each community college receiving funding for the pathways for academic career and employment program shall develop a career pathways and bridge curriculum development program in order to better serve the academic, training, and employment needs of the target populations. A career pathways and bridge curriculum development program shall have the following goals:

1. The articulation of courses and modules, the mapping of programs within career pathways, and establishment of bridges between credit and noncredit programs.

2. The integration and contextualization of basic skills education and skills training. This process shall provide for seamless progressions between adult basic education and general education development programs and continuing education and credit certificate, diploma, and degree programs.

3. The development of career pathways that support the attainment of industry-recognized credentials, diplomas, and degrees through stackable, modularized program delivery.

2011 Acts, ch 132, §77, 106

260H.8 Rules.

The department of education, in consultation with the community colleges, the economic development authority, and the department of workforce development, shall adopt rules pursuant to chapter 17A and this chapter to implement the provisions of this chapter. Regional advisory boards established pursuant to section 84A.4 shall be consulted in the development and implementation of rules to be adopted pursuant to this chapter.
