272.2 Board of examiners created.

The board of educational examiners is created to exercise the exclusive authority to:

1. *a.* License practitioners, which includes the authority to establish criteria for the licenses; establish issuance and renewal requirements; create application and renewal forms; create licenses that authorize different instructional functions or specialties; develop a code of professional rights and responsibilities, practices, and ethics, which shall, among other things, address the failure of a practitioner to fulfill contractual obligations under section 279.13; and develop any other classifications, distinctions, and procedures which may be necessary to exercise licensing duties. In addressing the failure of a practitioner to fulfill contractual obligations, the board shall consider factors beyond the practitioner’s control.

b. Provide annually to any person who holds a license, certificate, authorization, or statement of recognition issued by the board, training relating to the knowledge and understanding of the board’s code of professional conduct and ethics. The board shall develop a curriculum that addresses the code of professional conduct and ethics and shall annually provide regional training opportunities throughout the state.

2. Establish, collect, and refund fees for a license.

3. Enter into reciprocity agreements with other equivalent state boards or a national certification board to provide for licensing of applicants from other states or nations.

4. Enforce rules adopted by the board through revocation or suspension of a license, or by other disciplinary action against a practitioner or professional development program licensed by the board of educational examiners. The board shall designate who may or shall initiate a licensee disciplinary investigation and a licensee disciplinary proceeding, and who shall prosecute a disciplinary proceeding and under what conditions, and shall state the procedures for review by the board of findings of fact if a majority of the board does not hear the disciplinary proceeding. However, in a case alleging failure of a practitioner to fulfill contractual obligations, the person who files a complaint with the board, or the complainant’s designee, shall represent the complainant in a disciplinary hearing conducted in accordance with this chapter.

5. Apply for and receive federal or other funds on behalf of the state for purposes related to its duties.

6. Evaluate and conduct studies of board standards.

7. Hire an executive director, legal counsel, and other personnel and control the personnel administration of persons employed by the board.

8. Hear appeals regarding application, renewal, suspension, or revocation of a license. Board action is final agency action for purposes of chapter 17A.

9. Establish standards for the determination of whether an applicant is qualified to perform the duties required for a given license.

10. Issue statements of professional recognition to school service personnel who have attained a minimum of a baccalaureate degree and who are licensed by another professional licensing board, including but not limited to athletic trainers licensed under chapter 152D.

14. Adopt rules to determine whether an applicant is qualified to perform the duties for which a license is sought. The rules shall include all of the following:

a. The board may deny a license to or revoke the license of a person upon the board's finding by a preponderance of evidence that either the person has been convicted of a crime or that there has been a founded report of child abuse against the person. Rules adopted in accordance with this paragraph shall provide that in determining whether a person should be denied a license or that a practitioner's license should be revoked, the board shall consider the nature and seriousness of the founded abuse or crime in relation to the position sought, the time elapsed since the crime was committed, the degree of rehabilitation which has taken place since the incidence of founded abuse or the commission of the crime, the likelihood that the person will commit the same abuse or crime again, and the number of founded abuses committed by or criminal convictions of the person involved.

b. Notwithstanding paragraph "a", the rules shall require the board to disqualify an applicant for a license or to revoke the license of a person for any of the following reasons:

(1) The person entered a plea of guilty to, or has been found guilty of, any of the following offenses, whether or not a sentence is imposed:

(a) Any of the following forcible felonies included in section 702.11: child endangerment, assault, murder, sexual abuse, or kidnapping.

prior law that was prosecuted in a federal, military, or foreign court, that is comparable to an offense listed in this subparagraph (1).

(2) The applicant is less than twenty-one years of age except as provided in section 272.31, subsection 1, paragraph “e”. (3) The applicant’s application is fraudulent.

(4) The applicant’s license or certification from another state is suspended or revoked.

(5) The applicant fails to meet board standards for application for an initial or renewed license.

d. An applicant for a license or certificate under this chapter shall demonstrate that the requirements of the license or certificate have been met and the burden of proof shall be on the applicant.

15. Adopt rules that require specificity in written complaints that are filed by individuals who have personal knowledge of an alleged violation and which are accepted by the board, provide that the jurisdictional requirements as set by the board in administrative rule are met on the face of the complaint before initiating an investigation of allegations, provide that any investigation be limited to the allegations contained on the face of the complaint, provide for an adequate interval between the receipt of a complaint and public notice of the complaint, permit parties to a complaint to mutually agree to a resolution of the complaint filed with the board, allow the respondent the right to review any investigative report upon a finding of probable cause for further action by the board, require that the conduct providing the basis for the complaint occurred within three years of discovery of the event by the complainant unless good cause can be shown for an extension of this limitation, and require complaints to be resolved within one hundred eighty days unless good cause can be shown for an extension of this limitation.

16. Adopt criteria for administrative endorsements that allow a person to achieve the endorsement authorizing the person to serve as an elementary or secondary principal without regard to the grade level at which the person accrued teaching experience.

17. Adopt rules to require that a background investigation be conducted by the division of criminal investigation of the department of public safety on all initial applicants for licensure. The board shall also require all initial applicants to submit a completed fingerprint packet and shall use the packet to facilitate a national criminal history background check. The board shall have access to, and shall review the sex offender registry information under section 692A.121 available to the general public, the central registry for child abuse information established under chapter 235A, and the dependent adult abuse records maintained under chapter 235B for information regarding applicants for license renewal.

1. a. (1) The board of directors of a school district or area education agency, the superintendent of a school district, the chief administrator of an area education agency, and the authorities in charge of an accredited nonpublic school shall report to the board any instance of disciplinary action taken against a licensed school employee by the board of

directors of the school district or area education agency, the superintendent of the school district, the chief administrator of the area education agency, or the authorities in charge of the accredited nonpublic school for conduct constituting any of the following:

(a) Soliciting, encouraging, or consummating a romantic or otherwise inappropriate relationship with a student.

(b) Falsifying student grades, test scores, or other official information or material.

(c) Converting public property or funds to the personal use of the school employee.

(2) The board of directors of a school district or area education agency, the superintendent of a school district, the chief administrator of an area education agency, and the authorities in charge of an accredited nonpublic school shall report to the board the nonrenewal or termination, for reasons of alleged or actual misconduct, of a person's contract executed under sections 279.12, 279.13, 279.15 through 279.21, 279.23, and 279.24, and the resignation of a person who holds a license, certificate, or authorization issued by the board as a result of or following an incident or allegation of misconduct that, if proven, would constitute a violation of the rules adopted by the board to implement section 272.2, subsection 14, paragraph "b", subparagraph (1); soliciting, encouraging, or consummating a romantic or otherwise inappropriate relationship with a student; falsifying student grades, test scores, or other official information or material; or converting public property or funds to the personal use of the school employee, when the board or reporting official has a good faith belief that the incident occurred or the allegation is true. The board may deny a license or revoke the license of an administrator if the board finds by a preponderance of the evidence that the administrator failed to report the termination or resignation of a school employee holding a license, certificate, statement of professional recognition, or coaching authorization, for reasons of alleged or actual misconduct, as defined by this section.

b. The board shall review the information reported to determine whether a complaint should be initiated. In making that determination, the board shall consider the factors enumerated in section 272.2, subsection 14, paragraph "a".

c. For purposes of this section, unless the context otherwise requires, "misconduct" means an action disqualifying an applicant for a license or causing the license of a person to be revoked or suspended in accordance with the rules adopted by the board to implement section 272.2, subsection 14, paragraph "b", subparagraph (1).

2. If, in the course of performing official duties, an employee of the department becomes aware of any alleged misconduct by an individual licensed under this chapter, the employee shall report the alleged misconduct to the board of educational examiners under rules adopted pursuant to subsection 1.

3. If the executive director of the board verifies through a review of official records that a teacher who holds a practitioner's license under this chapter is assigned instructional duties for which the teacher does not hold the appropriate license or endorsement, either by grade level or subject area, by a school district or accredited nonpublic school, the executive director may initiate a complaint against the teacher and the administrator responsible for the inappropriate assignment of instructional duties.

The student teaching experience shall be a minimum of fourteen weeks in duration during the student's final year of the practitioner preparation program. 7. A requirement that approved practitioner preparation institutions annually solicit

the views of the education community regarding the institution's practitioner preparation programs.

8. A requirement that an approved practitioner preparation institution submit evidence that the college or department of education is communicating with other colleges or departments in the institution so that practitioner preparation students may integrate teaching methodology with subject matter areas of specialization.

9. A requirement that an approved practitioner preparation program submit evidence that the evaluation of the performance of a student teacher is a cooperative process that involves both the faculty member supervising the student teacher and the cooperating teacher. The rules shall require that each institution develop a written evaluation procedure for use by the cooperating teacher and a form for evaluating student teachers, and require that a copy of the completed form be included in the student teacher's permanent record.
