

2D.2 International relations committee — protocol.

1. The international relations committee of the legislative council shall establish and utilize protocol for visitors to the capitol, who may include state, national, or international visitors. The protocol established shall include provisions relating to transportation of visitors to and from the capitol, the designation of an official point of entry and a receiving area for visitors, security provisions, official introduction of visitors to the general assembly while the general assembly is in session, the provision of gifts to visitors, and other provisions appropriate to the visitor's position.

2. The international relations committee shall work with the executive branch protocol officer and with the legislative branch protocol officer in developing the protocol and in coordinating the visits of state, national, and international visitors to the capitol.
