

309.96 Operation of budgeted program.

1. No county shall expend from the secondary road fund an amount in excess of the total amount of the budget or amended budget as adopted by the board of supervisors, whether such budget is approved or disapproved by the department. In order to permit any county to adjust its secondary road income to changed needs that may occur after the budget has been approved by the department the expenditures for any individual item within the budget may exceed by not more than ten percent the amount budgeted for that item without department approval or the submission of an amended budget, provided, however, that the expenditures for one or more other individual items are less than budgeted and the total expenditures from the secondary road fund do not exceed the total secondary road budget.

2. In the event that a county secondary road budget or amended budget thereto is disapproved by the department, the county may elect either to revise such budget or amended budget so as to receive approval or the county may elect to operate with such disapproved budget or amended budget. In the event the county secondary road budget is disapproved in whole or in part, within twenty days after receipt of the department's report, the board of supervisors shall cause to be published in the official newspapers of the county, notice of a public hearing to be held within ten days of said publication, on the department's recommendations, and at said hearing the board of supervisors shall amend or adopt their original budget.
