

330.13 Federal aid.

Any subdivision of government is authorized to accept, receive, and receipt for federal moneys, and other moneys, either public or private, for the acquisition, construction, enlargement, improvement, maintenance, equipment, or operation of airports, and other air navigation facilities, and sites for airports and other navigation facilities, and to comply with the laws of the United States and any regulations for the expenditure of federal moneys upon airports and other air navigation facilities.

All preapplications for funds authorized to be received pursuant to this section by any governmental subdivision, commission, or authority, whether acting alone or jointly with another governmental or private entity, shall be approved by the state transportation commission prior to being submitted to any federal agency or department. Approval shall be based on criteria consistent with the Iowa aviation system plan. However, this paragraph does not apply to preapplications from airports which receive federal primary commercial service entitlement funds if the airport making the preapplication files a copy of the preapplication with the state department of transportation.
