428A.1 Amount of tax on transfers — declaration of value.

There is imposed on each deed, instrument, or writing by which any lands, tenements, or other realty in this state are granted, assigned, transferred, or otherwise conveyed, a tax determined in the following manner: When there is no consideration or when the deed, instrument, or writing is executed and tendered for recording as an instrument corrective of title, and so states, there is no tax. When there is consideration and the actual market value of the real property transferred is in excess of five hundred dollars, the tax is eighty cents for each five hundred dollars or fractional part of five hundred dollars in excess of five hundred dollars. The term “*consideration*”, as used in this chapter, means the full amount of the actual sale price of the real property involved, paid or to be paid, including the amount of an encumbrance or lien on the property, if assumed by the grantee. It is presumed that the sale price so stated includes the value of all personal property transferred as part of the sale unless the dollar value of personal property is stated on the instrument of conveyance. When the dollar value of the personal property included in the sale is so stated, it shall be deducted from the consideration shown on the instrument for the purpose of determining the tax.

When each deed, instrument, or writing by which any real property in this state is granted, assigned, transferred, or otherwise conveyed is presented for recording to the county recorder, a declaration of value signed by at least one of the sellers or one of the buyers or their agents shall be submitted to the county recorder. However, if the deed, instrument, or writing contains multiple parcels some of which are located in more than one county, separate declarations of value shall be submitted on the parcels located in each county and submitted to the county recorder of that county when paying the tax as provided in section 428A.5. A declaration of value is not required for those instruments described in section 428A.2, subsections 2 to 5, 7 to 13, and 16 to 21, or described in section 428A.2, subsection 6, except in the case of a federal agency or instrumentality, or if a transfer is the result of acquisition of lands, whether by contract or condemnation, for public purposes through an exercise of the power of eminent domain.

The declaration of value shall state the full consideration paid for the real property transferred. If agricultural land, as defined in section 9H.1, is purchased by a corporation, limited partnership, trust, alien or nonresident alien, the declaration of value shall include the name and address of the buyer, the name and address of the seller, a legal description of the agricultural land, and identify the buyer as a corporation, limited partnership, trust, alien, or nonresident alien. The county recorder shall not record the declaration of value, but shall enter on the declaration of value information the director of revenue requires for the production of the sales/assessment ratio study and transmit all declarations of value to the city or county assessor in whose jurisdiction the property is located. The city or county assessor shall enter on the declaration of value the information the director of revenue requires for the production of the sales/assessment ratio study and transmit one copy of each declaration of value to the director of revenue, at times as directed by the director of revenue. The assessor shall retain one copy of each declaration of value for three years from December 31 of the year in which the transfer of realty for which the declaration was filed

took place. The director of revenue shall, upon receipt of the information required to be filed under this chapter by the city or county assessor, send to the office of the secretary of state that part of the declaration of value which identifies a corporation, limited partnership, trust, alien, or nonresident alien as a purchaser of agricultural land as defined in section 9H.1.

However, if the deed, instrument, or writing, is exempt under section 428A.2, the county recorder shall not refuse to record the document if there is filed with or endorsed on it a statement signed by either the grantor or grantee or an authorized agent, that the instrument or writing is excepted from the tax under section 428A.2. The validity of an instrument as between the parties, and as to any person who would otherwise be bound by the instrument, is not affected by the failure to comply with this section. If an instrument is accepted for recording or filing contrary to this section the failure to comply does not destroy or impair the record as notice.
