Notwithstanding any other provisions in this section, if the treasurer is unable or has reason to believe that the treasurer will be unable to offer land at the annual tax sale to collect the total amount due, the treasurer may immediately collect the total amount due by the commencement of an action under this section.

Notwithstanding any other provision of law, if a statute authorizes the collection of a delinquent tax, assessment, rate, or charge by tax sale, the tax, assessment, rate, or charge, including interest, fees, and costs, may also be collected under this section and section 445.4.

This section is remedial and shall apply to all delinquent taxes included in a tax sale certificate of purchase issued to a county. Upon assignment of a county-held tax sale certificate, this section shall not apply to the assignee.

445.6 Application to waive tax statement requirements.

For the fiscal years beginning July 1, 1998, and July 1, 1999, a county may apply to the director of the department of management for a deferral in implementing the property tax statement format requirements of section 445.5, subsection 1, paragraphs “a” through “i”. For the fiscal year beginning July 1, 1998, the application for deferral must be received by the department within thirty days of May 14, 1998. For the fiscal year beginning July 1, 1999, the application for deferral must be received by the department on or before January 1, 1999.

An application for deferral must outline in detail the reason why the county is requesting the deferral and why the county is unable to substantially comply with the tax statement format requirements of section 445.5, subsection 1. When reviewing a county’s application, the director shall, among other factors, consider whether or not the county contracts with, or otherwise uses the services of, accounting vendors or computer software vendors who have software that will facilitate the timely implementation of the tax statement format requirements of section 445.5, subsection 1. A presumption arises that these counties are capable of complying with the property tax statement format requirements of section 445.5, subsection 1. The director shall notify the county treasurer of the director’s decision within thirty days of receipt of a deferral application from the county. If the director grants a deferral to a county, application of the property tax statement format requirements of section 445.5, subsection 1, is waived for that county.

A county granted a deferral pursuant to this section shall, for the fiscal year for which the deferral is granted, provide with the tax statement an enclosure detailing comparative property tax data for each taxing authority in the county. The comparative data shall include the total amount of taxes levied by each taxing authority in the previous fiscal year and the current fiscal year, the dollar amount difference between the two amounts, and that same difference expressed as a percentage increase or decrease. The comparative data enclosure shall also contain a statement that the county received from the state a deferral from the timely implementation of the tax statement format requirements.

For the purposes of this section and section 445.5, “*taxing authority*” means a public body which has the authority to certify a tax to be levied.

445.7 through 445.9 Repealed by 91 Acts, ch 191, § 123, 124.

445.10 Former delinquent taxes.

The county treasurer shall each year, after receiving the tax list referred to in chapter 443, enter into the county system a notation of delinquency for each parcel on which the tax

remains unpaid for any previous year. Unless the delinquent tax is so entered it shall cease to be a lien upon that parcel. To preserve the tax lien it is only necessary to enter the notation for any parcel upon which it is a lien. If the county system is such that all delinquent taxes of any preceding year are automatically brought forward against each parcel on which the tax remains unpaid for any year, the treasurer is not required to make any further entry. Any sale for a delinquent tax not noted on the county system is invalid. However, this section does not require that in order to preserve the lien of tax and make the tax sale valid, delinquent taxes must be brought forward upon the county system if the tax list is received by the treasurer less than six months preceding the date of conducting the tax sale as provided in section 446.25 or 446.28.

445.16 Abatement or compromise of tax.

If the county holds the tax sale certificate of purchase, the county, through the board of supervisors, may compromise by written agreement, or abate by resolution, the tax, interest, fees, or costs. In the event of a compromise, the board of supervisors may enter into a written agreement with the owner of the legal title or with any lienholder for the payment of a stipulated sum in full satisfaction of all amounts included in that agreement. In addition, if a parcel is offered at regular tax sale and is not sold, the county, prior to public bidder

sale to the county under section 446.19, may compromise by written agreement, or abate by resolution, the tax, interest, fees, or costs, as provided in this section.

A copy of the agreement or resolution shall be filed with the county treasurer.

If the treasurer determines that it is impractical to pursue collection of the total amount due through the tax sale and the personal judgment remedies, the treasurer shall make a written recommendation to the board of supervisors to abate the amount due. The board of supervisors shall abate, by resolution, the amount due and direct the treasurer to strike the amount due from the county system.

1. The taxes which become delinquent during the fiscal year are for the previous fiscal year.

2. A demand of taxes is not necessary, but every person subject to taxation shall attend at the office of the county treasurer and pay the taxes either in full, or one-half of the taxes before September 1 succeeding the levy, and the remaining half before March 1 following. This subsection does not apply to special assessments, or rates or charges.

3. If an installment of taxes, or an annual payment in the case of special assessments, or payment in full in the case of rates or charges, is delinquent and not paid as of November 1 of the fiscal year in which the amounts are due, the treasurer shall notify the taxpayer of the delinquency and the due date for the second installment. Failure to receive notice is not a defense to the payment of the total amount due.

445.36A Partial payments.

1. As an alternative to the semiannual or annual payment of taxes, the county treasurer may accept partial payments of taxes. The treasurer shall transfer amounts from each taxpayer's account to be applied to each semiannual tax installment prior to the delinquency dates specified in section 445.37 and the amounts collected shall be apportioned by the tenth of the month following transfer. If, prior to the due date of each semiannual installment, the

account balance is insufficient to fully satisfy the installment, the treasurer shall transfer and apply the entire account balance, leaving an unpaid balance of the installment. Interest shall attach on the unpaid balance in accordance with section 445.39. Unless funds sufficient to fully satisfy the delinquency are received, the treasurer shall collect the unpaid balance as provided in sections 445.3 and 445.4 and chapter 446. Any remaining balance in a taxpayer's account in excess of the amount needed to fully satisfy an installment shall remain in the account to be applied toward the next semiannual installment. Any interest income derived from the account shall be deposited in the county's general fund to cover administrative costs. The treasurer shall send a notice with the tax statement or by separate mail to each taxpayer stating that, upon request to the treasurer, the taxpayer may make partial payments of taxes.

2. Partial payment of taxes which are delinquent may be made to the county treasurer. For the installment being paid, payment shall first be applied to any interest, fees, and costs accrued and the remainder applied to the taxes due. A partial payment must equal or exceed the amount of interest, fees, and costs of the installment being paid. A partial payment made under this subsection shall be apportioned in accordance with section 445.57, however, such partial payment may, at the discretion of the county treasurer, be apportioned either on or before the tenth day of the month following the receipt of the partial payment or on or before the tenth day of the month following the due date of the next semiannual tax installment. If the payment does not include the whole of any installment of the delinquent tax, the unpaid tax shall continue to accrue interest pursuant to section 445.39. Partial payment shall not be permitted in lieu of redemption if the property has been sold for taxes under chapter 446 and under any circumstances shall not constitute an extension of the time period for a sale under chapter 446.

3. Current year taxes may be paid at any time regardless of any outstanding prior year delinquent tax.

4. This section does not apply to the payment of manufactured or mobile home taxes, special assessments, or rates or charges.

[T] Subsection 2 amended

445.37 When delinquent.

If the semiannual installment of any tax has not been paid before October 1 succeeding the levy, that amount becomes delinquent from October 1 after due. However, in those instances when the last day of September is a Saturday or Sunday, that amount becomes delinquent on the second business day of October. If the second installment is not paid before April 1 succeeding its maturity, it becomes delinquent from April 1 after due. However, in those instances when the last day of March is a Saturday or Sunday, that amount becomes delinquent on the second business day of April. This paragraph applies to all taxes as defined in section 445.1, subsection 6.

However, if there is a delay in the delivery of the tax list referred to in chapter 443 to the county treasurer, the amount of ad valorem taxes and manufactured or mobile home taxes due shall become delinquent thirty days after the date of delivery or on the delinquent date of the first installment, whichever date occurs later. The delay shall not affect the due dates for special assessments and rates or charges. The delinquent date for special assessments and rates or charges is the same as the first installment delinquent date for ad valorem taxes, including any extension, in absence of a statute to the contrary.

To avoid interest on delinquent taxes, a payment must be received by the treasurer on or before the last business day of the month preceding the delinquent date, or mailed with appropriate postage and applicable fees paid, and a United States postal service postmark affixed to the payment envelope, with the postmark bearing a date preceding the delinquent date. Items returned to the sender by the United States postal service for insufficient postage or applicable fees shall be assessed interest, unless the appropriate postage and fees are paid and the items are postmarked again before the delinquent date. However, if the last calendar

day of a month falls on a Saturday, Sunday, or a holiday, that amount becomes delinquent on the second business day of the following month.

To avoid interest on current or delinquent taxes, for payments made through a county treasurer's authorized website only, if the last day of the month falls on a Saturday, Sunday, or a holiday, the electronic payment must be initiated by midnight on the first business day of the next month. All other electronic payments must be initiated by midnight on the last day of the month preceding the delinquent date.

445.39 Interest on delinquent taxes.

If the first installment of taxes is not paid by the delinquent date specified in section 445.37, the installment becomes due and draws interest of one and one-half percent per month until paid, from the delinquent date following the levy. If the last half is not paid by the delinquent date specified for it in section 445.37, the same interest shall be charged from the date the last half became delinquent. However, after April 1 in a fiscal year when late delivery of the tax list referred to in chapter 443 results in a delinquency date later than October 1 for the first installment, interest on delinquent first installments shall accrue as if delivery were made on the previous June 30. The interest imposed under this section shall be computed to the nearest whole dollar and the amount of interest shall not be less than one dollar. In calculating interest each fraction of a month shall be counted as an entire month. The interest percentage on delinquent special assessments and rates or charges is the same as that for the first installment of delinquent ad valorem taxes.

In all cases of delinquent taxes, if the person upon whose property the taxes were levied has disposed of or removed the property and the treasurer of the county where the taxes were levied can find no property within that county against which those taxes can be collected, the treasurer of the county where those taxes are delinquent shall make out a certified abstract of the taxes and forward it to the treasurer of the county in which the person resides or has

property, if the treasurer transmitting the abstract has reason to believe that the delinquent taxes can be collected by that county.
