The commissioner shall adopt rules necessary to implement this section which:

(1) Establish guidelines on which the commissioner determines whether a custodian bank qualifies as a bank in which securities owned by an insurer may be deposited for the purpose of satisfying the requirements of subsection 16.

(2) Designate those clearing corporations in which securities owned by insurers may be deposited.

(3) Set forth provisions that custodian agreements executed between custodian banks and insurers shall contain. These shall include provisions stating that minimum deposit levels shall be maintained and that the parties agree securities in deposits with custodian banks shall vest in the state in accordance with section 508.18 whenever proceedings under that section are instituted.

(4) Establish other safeguards applicable to the use of custodian banks and clearing corporations by insurers which the commissioner believes necessary to protect the policyholders of the insurers.

c. A security owned by a domestic insurer and deposited in a custodian bank or clearing corporation does not qualify for purposes of its legal reserve deposit unless the custodian bank and clearing corporation are approved by the commissioner for that purpose.

(b) Financial instruments used in hedging transactions between an insurer and a conduit which are collateralized by obligations eligible under subsection 5 or by cash equivalents eligible under subsection 24, other than a class one money market fund, are eligible only to the extent that such securities deposited as collateral are not in excess of ten percent of the legal reserve, less any obligations eligible under subsection 5 or cash equivalents eligible under subsection 24, other than a class one money market fund, owned by the insurer or which are the subject of hedging transactions by the insurer, that are included in the insurer’s legal reserve.

(3) Financial instruments used in hedging transactions shall be eligible only as provided by this paragraph "b" and rules adopted by the commission pursuant to chapter 17A setting standards for hedging transactions between an insurer and a conduit as authorized under section 521A.5, subsection 1, paragraph "b".

c. Investments in financial instruments used in hedging transactions are not eligible in excess of two percent of the legal reserve in the financial instruments of any one corporation, less any securities of that corporation owned by the company or association and in which its legal reserve is invested, except insofar as the financial instruments are collateralized by cash, United States government obligations as authorized by subsection 1, or obligations of or guaranteed by a United States government-sponsored enterprise which on the date they are pledged as collateral are adequately secured and have investment qualities and characteristics wherein the speculative elements are not predominant, which are deposited with a custodian bank as defined in subsection 21, and held under a written agreement with the custodian bank that complies with subsection 21 and provides for the proceeds of the collateral, subject to the terms and conditions of the applicable collateral or other credit support agreement, to be remitted to the legal reserve deposit of the company or association and to vest in the state in accordance with section 508.18 whenever proceedings under that section are instituted.

d. Investments in financial instruments used in hedging transactions are not eligible in excess of ten percent of the legal reserve, except insofar as the financial instruments are collateralized by cash, United States government obligations as authorized by subsection 1, or obligations of or guaranteed by a United States government-sponsored enterprise which on the date they are pledged as collateral are adequately secured and have investment qualities and characteristics wherein the speculative elements are not predominant, which are deposited with a custodian bank as defined in subsection 21, and held under a written agreement with the custodian bank that complies with subsection 21 and provides for the proceeds of the collateral, subject to the terms and conditions of the applicable collateral or other credit support agreement, to be remitted to the legal reserve deposit of the company or association and to vest in the state in accordance with section 508.18 whenever proceedings under that section are instituted.

e. (1) Investments in financial instruments of foreign governments or foreign corporate obligations, other than Canada, used in hedging transactions shall be included in the limitation contained in subsection 19 that allows only twenty percent of the legal reserve of the company or association to be invested in such foreign investments, except insofar as the financial instruments are collateralized by cash, United States government obligations as authorized by subsection 1, or obligations of or guaranteed by a United States government-sponsored enterprise which on the date they are pledged as collateral are adequately secured and have investment qualities and characteristics wherein the speculative elements are not predominant, which are deposited with a custodian bank as defined in subsection 21, and held under a written agreement with the custodian bank that complies with subsection 21 and provides for the proceeds of the collateral, subject to the terms and conditions of the applicable collateral or other credit support agreement, to be remitted to the legal reserve deposit of the company or association and to vest in the state in accordance with section 508.18 whenever proceedings under that section are instituted.

(2) This paragraph "e" does not authorize the inclusion of financial instruments used in hedging transactions in an insurer's legal reserve that are in excess of the eligibility limitation provided in paragraph "d" unless the financial instruments are collateralized as provided in this paragraph "e".

f. Prior to engaging in hedging transactions under this subsection, a domestic insurer shall develop and adequately document policies and procedures regarding hedging

transaction strategies and objectives. Such policies and procedures shall address authorized hedging transactions, limitations, internal controls, documentation, and authorization and approval procedures. Such policies and procedures shall also provide for review of hedging transactions by the domestic insurer's board of directors or the board of directors' designee.

g. A domestic insurer shall be able to demonstrate to the commissioner the intended hedging characteristics of hedging transactions under this subsection and the ongoing effectiveness of each hedging transaction or combination of hedging transactions.

h. Financial instruments used in hedging transactions shall only be eligible in accordance with this subsection after the commissioner has adopted rules pursuant to chapter 17A regulating hedging transactions under this subsection.

i. Securities held in the legal reserve of a life insurance company or association pledged as collateral for financial instruments used in highly effective hedging transactions as defined in the national association of insurance commissioners' statement of statutory accounting principles no. 86 shall continue to be eligible for inclusion in the legal reserve of the life insurance company or association subject to all of the following:

(1) The life insurance company or association does not include the financial instruments used in highly effective hedging transactions for which the securities are pledged as collateral in the legal reserve of the life insurance company or association, provided, however, that this subparagraph shall not exclude securities pledged to a counterparty, clearing organization, or clearinghouse on an upfront basis in the form of initial margin, independent amount, or other securities pledged as a precondition of entering into financial instruments used in highly effective hedging transactions from inclusion in the legal reserve of the life insurance company or association.

(2) Securities pledged as collateral for financial instruments used in highly effective hedging transactions are not eligible in excess of ten percent of the legal reserve of the life insurance company or association, less any financial instruments used in hedging transactions held in the legal reserve under this subsection.

(3) Securities pledged to a counterparty, clearing organization, or clearinghouse on an upfront basis in the form of initial margin, independent amount, or other securities pledged as a precondition of entering into financial instruments used in highly effective hedging transactions are not eligible in excess of one percent of the legal reserve of the life insurance company or association.

If the loan is collateralized by cash or cash equivalents, the cash or cash equivalent collateral may be reinvested by the life insurance company or association in class one money market funds as defined in subsection 24, individual securities which are eligible for inclusion in the legal reserve of the life insurance company or association, or in repurchase agreements fully collateralized by such securities if the life insurance company or association takes delivery of the collateral either directly or through an authorized custodian or pooled fund comprised of individual securities which are eligible for inclusion in the legal reserve of the life insurance company or association. If such reinvestment is made in individual securities or in repurchase agreements, the individual securities or the securities which collateralize the repurchase agreements shall mature in less than two hundred seventy days. If such reinvestment is made in a pooled fund, the average maturity of the securities comprising such pooled fund must be one hundred eighty days or less and the individual maturities of the securities comprising such pooled fund must be three hundred ninety-seven days or less. Individual securities and securities comprising the pooled fund shall be

investment grade. As used in this paragraph, “maturity” means the earlier of the fixed date on which the holder of the security is unconditionally entitled to receive principal and interest in full or the date on which the holder of the security is unconditionally entitled upon demand to receive principal and interest in full.

d. The loan shall be evidenced by a written agreement which provides all of the following:

(1) That the loan will be fully collateralized at all times during the term of the loan, and that the collateral will be adjusted as necessary each business day during the term of the loan to maintain the required collateralization in the event of market value changes in the loaned securities or collateral.

(2) If the loan is fully collateralized by cash or cash equivalents, the cash or cash equivalent may be reinvested by the life insurance company or association as provided in paragraph “c”.

(3) That the loan may be terminated by the life insurance company or association at any time, and that the borrower shall return the loaned stocks or obligations or equivalent stocks or obligations within five business days after termination.

(4) That the life insurance company or association has the right to retain the collateral or use the collateral to purchase investments equivalent to the loaned securities if the borrower defaults under the terms of the agreement, and that the borrower remains liable for any losses and expenses incurred by the life insurance company or association due to default that are not covered by the collateral.

e. Securities loaned pursuant to this subsection are not eligible for inclusion in the legal reserve of the life insurance company or association in excess of ten percent of the legal reserve.

f. A life insurance company or association may continue to hold in the legal reserve of the life insurance company or association securities which are the subject of a reverse repurchase agreement. If such securities are held in the legal reserve of a life insurance company or association, the securities shall be subject to the limitations of paragraph “e” as if they were securities loaned pursuant to this subsection.
