The company shall annually contribute fifty percent of the earned premiums to this reserve. The earned premiums so reserved may be released annually after the period of time required by the commissioner, provided that said time shall not be less than one hundred twenty months. However, subject to the approval of the commissioner, this reserve may be available only for loss payments, when the loss ratio (incurred losses to premiums earned) exceeds twenty percent. This amount so used shall reduce the next subsequent annual release to surplus from the established contingency reserve.

A mortgage guaranty insurer shall not insure loans secured by properties in a single housing tract or in a contiguous tract which is not separated by more than one-half mile in excess of ten percent of its capital, unassigned funds, and contingency reserve. Coverage may be provided only if the properties in such tract are residential buildings, buildings designed for occupancy by not more than four families, or owner-occupied mobile homes.

2. Upon request of a mortgage guaranty insurer, the commissioner may suspend the requirements contained in subsection 1 for such time and under such conditions as the commissioner may order.
