

8A.342 Contracts with state institutions.

The director may, without advertising for bids, enter into contracts or make provision for doing any of the work coming under the provisions of chapter 7A and this subchapter at any school or institution under the ownership or control of the state. The work shall be done under conditions substantially the same as those provided for in the case of contracts with individuals and the same standard of quality or product shall be required.

2003 Acts, ch 145, §46
