

**8G.1 Intent — findings.**

The general assembly finds that taxpayers should be able to easily access the details on how the state is spending their tax dollars and the performance results achieved for those expenditures. Therefore, it is the intent of the general assembly to direct the department of management to create and maintain a searchable budget database and internet site detailing where tax dollars are expended, the purposes for which tax dollars are expended, and the results achieved for all taxpayer investments in state government.
