

199.6 Inoculant for legumes.

The container of any inoculant for leguminous plants which is sold, offered for sale, or exposed for sale within the state shall bear a label giving in the English language in legible letters the following information:

1. The kind or kinds of leguminous plants for which the contents are to be used.
2. The quantity of seed to which the contents are to be applied.
3. An expiry date after which the inoculant might be ineffective.
4. The name and place of business of the manufacturer or laboratory of origin, or alternately of the vendor only, if the vendor accepts responsibility for the accuracy of the declarations made in subsections 1, 2, and 3 of this section.
