

201A.6 Certification of effective calcium carbonate equivalent — reporting.

The department shall certify the effective calcium carbonate equivalent for all agricultural liming material, as provided by rules adopted by the department. The department may establish a fee for analyzing samples of agricultural liming material. The department shall issue a report at least once every three months which lists the agricultural liming material certified by the department. The report shall list the manufacturers of the agricultural liming material, the locations of facilities used to manufacture the agricultural liming material, and the identification of the type of the agricultural liming material produced by the manufacturer.
