It is the purpose and intent of this chapter to authorize every municipality to do any and all things necessary or desirable to secure the financial aid or cooperation of the federal government in the undertaking, construction, maintenance or operation of any housing project by such municipality. To accomplish this purpose a municipality, notwithstanding the provisions of any other law, may include in any contract for financial assistance with the federal government any provisions, which the federal government may require as conditions to its financial aid of a housing project, not inconsistent with the purposes of this chapter.

[C62, 66, 71, 73, 75, 77, 79, 81, §403A.4]

403A.5 Exercise of municipal housing powers — municipal housing agency.

1. Any municipality may create, in such municipality, a public body corporate and politic to be known as the “Municipal Housing Agency” of such municipality except that such agency shall not transact any business or exercise its powers hereunder until or unless the local governing body has elected to exercise its municipal housing powers through such an agency as prescribed in this section.

2. If the municipal housing agency is authorized to transact business and exercise powers hereunder, the mayor, by and with the advice and consent of the local governing body, shall appoint a board of commissioners of the municipal housing agency which board shall consist of five commissioners. The term of office for three of the commissioners originally appointed

shall be two years and the term of office for two of the commissioners originally appointed shall be one year. Thereafter the term of office for each commissioner shall be two years. In cities having a population of more than one hundred thousand, the city council may establish, by ordinance, the number of commissioners at not less than five.

3. A commissioner shall receive no compensation for services, but shall be entitled to the necessary expenses, including traveling expenses, incurred in the discharge of a duty. Each commissioner shall hold office until a successor has been appointed and has qualified. A certificate of the appointment or reappointment of any commissioner shall be filed with the clerk of the municipality, and the certificate shall be conclusive evidence of the due and proper appointment of the commissioner.

4. a. The powers of a municipal housing agency shall be exercised by the commissioners. A majority of the commissioners shall constitute a quorum for the purpose of conducting business and exercising the powers of the agency, and for all other purposes. Action may be taken by the agency upon a vote of a majority of the commissioners present, unless in any case the bylaws shall require a larger number. Any persons may be appointed as commissioners if they reside within the area of operation of the agency, which area shall be conterminous with the area of operation of the municipality, and if they are otherwise eligible for appointments under this chapter.

b. The mayor shall designate a chairperson and vice chairperson from among the commissioners. An agency may employ an executive director, technical experts and such other agents and employees, permanent and temporary, as it may require, and the agency may determine their qualifications, duties, and compensation. For such legal service as it may require, an agency may employ or retain its own counsel and legal staff. An agency authorized to transact business and exercise powers under this chapter shall file, with the local governing body, on or before September 30 of each year, a report of its activities for the preceding fiscal year, which report shall include a complete financial statement setting forth its assets, liabilities, income, and operating expense as of the end of such fiscal year. At the time of filing the report, the agency shall publish in a newspaper of general circulation in the community a notice to the effect that such report has been filed with the municipality, and that the report is available for inspection during business hours in the office of the city clerk and in the office of the agency.

c. For inefficiency, or neglect of duty, or misconduct in office, a commissioner may be removed by a majority vote of the governing body of the municipality only after a hearing before the body, and after the commissioner shall have been given a copy of the charges at least ten days prior to such hearing, and after the commissioner shall have had an opportunity to be heard in person or by counsel.

5. A municipality may itself exercise the powers in connection with municipal housing as defined in this chapter, or may, if the local governing body by resolution determines such action to be in the public interest, elect to have such powers exercised by the municipal housing agency, if one exists or is subsequently established in the community. In the event the local governing body makes such determination, the municipal housing agency shall be vested with all of the municipal housing project powers in the same manner as though all such powers were conferred on such agency instead of the municipality. If the local governing body does not elect to make such determination, the municipality in its discretion may exercise its municipal housing project powers through a board or commissioner, or through such officers of the municipality as the local governing body may by resolution determine.

6. A municipality or a "Municipal Housing Agency" may not proceed with a housing project until a study or a report and recommendation on housing available within the community is made public by the municipality or agency and is included in its recommendations for a housing project. Recommendations must receive majority approval from the local governing body before proceeding on the housing project.

403A.6 Operation of housing not for profit.

It is hereby declared to be the policy of this state that each municipality shall manage and operate its housing projects in an efficient manner so as to enable it to fix the rentals or payments for dwelling accommodations at low rates consistent with its providing decent, safe and sanitary dwelling accommodations for persons of low income, and that no municipality shall construct or operate any housing project for profit, or as a source of revenue to the municipality. To this end the municipality shall fix the rentals or payments for dwellings in its projects at no higher rates than it shall find to be necessary in order to produce revenues which, together with all other available moneys, revenues, income and receipts in connection with or for such projects from whatever sources derived, including federal financial assistance, will be sufficient to do all of the following:

1. To pay, as the same become due, the principal and interest on the bonds issued pursuant to this chapter.
2. To create and maintain such reserves as may be required to assure the payment of principal and interest as it becomes due on such bonds.
3. To meet the cost of, and to provide for, maintaining and operating the projects, including necessary reserves therefor and the cost of any insurance, and of administrative expenses.
4. To make such payments in lieu of taxes and, after payment in full of all obligations for which federal annual contributions are pledged, to make such repayments of federal and local contributions as it determines are consistent with the maintenance of the low-rent character of projects. Rentals or payments for dwellings shall be established and the projects administered, insofar as possible, so as to assure that any federal financial assistance required shall be strictly limited to amounts and periods necessary to maintain the low-rent character of the projects.

 - (b) The economic factors which affect the financial stability and solvency of the project.
 - (2) However, such determination of eligibility shall be within the limits of the income limits hereinbefore set out.

2. Nothing contained in this section or section 403A.6 shall be construed as limiting the power of a municipality with respect to a housing project, to vest in an obligee the right, in the event of a default by the municipality, to take possession or cause the appointment of a receiver for the housing project, free from all the restrictions imposed by this section or section 403A.6.

403A.8 Dwellings for disaster victims and defense workers.

Notwithstanding the provisions of this or any other chapter relating to rentals of, preferences or eligibility for admission to, or occupancy of dwellings in housing projects, during the period when a municipality determines that there is an acute need in its area of operation for housing to assure the availability of dwellings for persons engaged in national defense activities or for victims of a major disaster, a municipality may undertake

the development and administration of housing projects for the federal government, and dwellings in any housing project under the jurisdiction of the municipality may be made available to persons engaged in national defense activities or to victims of a major disaster, as the case may be. A municipality is authorized to contract with the federal government or the state or a state public body for advance payment or reimbursement for the furnishing of housing to victims of a major disaster, including the furnishing of the housing free of charge to needy disaster victims during any period covered by a determination of acute need by the municipality as herein provided.

[C62, 66, 71, 73, 75, 77, 79, 81, §403A.9]

403A.10 Tax exemption and payments in lieu of taxes.

The property acquired or held pursuant to this chapter is declared to be public property used exclusively for essential city, or municipal public and governmental purposes and such property is hereby declared to be exempt from all taxes and special assessments of the state or of any state public body. In lieu of taxes on such property a municipality may agree to make payments to the state or a state public body (including itself) as it finds consistent with the maintenance of the low-rent character of housing projects and the achievement of the purposes of this chapter.

[C62, 66, 71, 73, 75, 77, 79, 81, §403A.10]

403A.11 Planning, zoning and building laws — insulation requirements.

All housing projects of a municipality shall be subject to the planning, zoning, sanitary and building laws, ordinances and regulations applicable to the locality in which the project is situated.

In addition, basement walls shall have insulation with an R value of 6 to their full height, with insulation in the box sill having an R value of 20. As used in this section, "R value" means resistance to heat flow.

The insulation requirements of this section are effective for all dwellings, the construction of which begins on or after July 1, 1991. For dwellings existing or under construction prior to July 1, 1991, the dwelling must comply with the insulation requirements of this section by June 30, 1996.

A municipality shall have power to issue bonds from time to time in its discretion, for any of the purposes of this chapter. A municipality shall also have power to issue refunding bonds for the purpose of paying or retiring bonds previously issued by it. A municipality may issue such types of bonds as it may determine, including (without limiting the generality of the foregoing) bonds on which the principal and interest are payable exclusively from the income and revenues of the project financed with the proceeds of such bonds, or exclusively from the income and revenues of certain designated housing projects whether or not they are financed in whole or in part with the proceeds of such bonds. Any such bonds may be additionally secured by a pledge of any loan, grant or contribution or parts thereof from the federal government or other source, or a pledge of any income or revenues connected with a housing project or a mortgage of any housing project or projects.

Neither the governing body of a municipality nor any person executing the bonds shall be liable personally on the bonds by reason of the issuance thereof hereunder. The bonds and other obligations issued under the provisions of this chapter (and such bonds and obligations shall so state on their face) shall be payable solely from the sources provided in this section and shall not constitute an indebtedness within the meaning of any constitutional or statutory debt limitation or restriction. Bonds issued pursuant to this chapter are declared to be issued for an essential public and governmental purpose and to be public instrumentalities and, together with interest thereon and income therefrom, shall be exempt from taxes. The tax exemption provisions of this chapter shall be considered part of the security for the repayment of bonds and shall constitute, by virtue of this chapter and without the necessity of the same being restated in said bonds, a contract between the bondholders and each and every one thereof, including all transferees of said bonds from time to time on the one hand and the respective municipalities issuing said bonds and the state on the other.

The bonds may be sold at public or private sale at not less than par.

If the officers of the municipality whose signatures appear on any bonds or coupons shall cease to be such officers before the delivery of the bonds, their signatures shall, nevertheless, be valid and sufficient for all purposes, the same as if the officers had remained in office until such delivery. Any provision of any law to the contrary notwithstanding, any bonds issued pursuant to this chapter shall be fully negotiable.

In any suit, action or proceedings involving the validity or enforcement of any bond issued pursuant to this chapter or the security therefor, any such bond reciting in substance that it has been issued by the municipality pursuant to this chapter shall be conclusively deemed to have been issued for such purpose and the housing project in respect to which such bond was issued shall be conclusively deemed to have been planned, located and carried out in accordance with the purposes and provisions of this chapter.
