

410.1 Pension funds.

Any city having an organized fire department may, and all cities having an organized police department or a paid fire department shall, levy annually on taxable property a tax not to exceed three and three-eighths cents per thousand dollars of assessed value for each such department, for the purpose of creating fire fighters' and police officers' pension funds.

Provided that cities having a population of more than six thousand five hundred may annually levy on taxable property a tax of not more than thirteen and one-half cents per thousand dollars of assessed value for each such department for such purpose. Provided, further, that cities, in which a police or fire retirement system based upon actuarial tables shall be established by law, shall levy for the police or fire pension funds a tax sufficient in amount to meet all necessary obligations and expenditures; and said obligations and expenditures shall be direct liabilities of said cities.

Whenever there is a sufficient balance in both of said funds to meet any proper or legitimate charges that may be made against the same, such city shall not be required to levy a tax for this purpose.

All moneys derived from each tax so levied, and all moneys received as membership fees and dues, and all moneys received from grants, donations, and devises for the benefit of each fund shall constitute separate funds, to be known and designated as a police officers' pension fund and a fire fighters' pension fund.

The provisions of this chapter shall not apply to police officers and fire fighters who entered employment after March 2, 1934, except that any police officer or fire fighter who had been making payments of membership fees and assessments as provided in section 410.5 prior to July 1, 1971, shall on July 1, 1973, be fully restored and entitled to all pension rights and benefits, vested or not vested, under this chapter if the city has not returned to such police officer or fire fighter the membership fees and assessments paid by the police officer or fire fighter prior to July 1, 1971, and if such police officer or fire fighter pays to the city within six months after July 1, 1973, the amount of the fees and assessments that the police officer or fire fighter would have paid to the police officers' or fire fighters' pension fund from July 1, 1971, to July 1, 1973, if 1971 Iowa Acts, ch. 108, had not been adopted. If the membership fees and assessments paid by such police officer or fire fighter prior to July 1, 1971, have been returned to the police officer or fire fighter, all pension rights and benefits, vested or not vested, under this chapter shall be fully restored to the police officer or fire fighter on July 1, 1973, if, within six months after July 1, 1973, such police officer or fire fighter repays the fees and assessments so returned and pays the amount of the fees and assessments to the city that the police officer or fire fighter would have paid to the appropriate pension fund from July 1, 1971, to July 1, 1973, if 1971 Iowa Acts, ch. 108 had not been adopted.
