(1) If the business is creating jobs, the business shall demonstrate that the jobs will pay at least one hundred percent of the qualifying wage threshold at the start of the project completion period, at least one hundred twenty percent of the qualifying wage threshold by the project completion date, and at least one hundred twenty percent of the qualifying wage threshold until the maintenance period completion date.

(2) If the business is retaining jobs, the business shall demonstrate that the jobs retained will pay at least one hundred twenty percent of the qualifying wage threshold throughout both the project completion period and the maintenance period.

d. The business shall provide a sufficient package of benefits to each employee holding a created or retained job. The board, at the recommendation of the authority, shall adopt rules determining what constitutes a sufficient package of benefits.

e. The business shall demonstrate that the jobs created or retained will have a sufficient impact on state and local government revenues as determined by the authority after calculating the fiscal impact ratio of the project.

f. The business shall not be a retail business or a business where entrance is limited by a cover charge or membership requirement.

g. Notwithstanding the qualifying wage threshold requirements in paragraph "c", if a business is also the recipient of financial assistance under another program administered by the authority, and the other program requires the payment of higher wages than the wages required under [this subsection](#), the business shall be required to pay the higher wages.

2. a. If the authority finds that a business has a record of violations of the law, including but not limited to antitrust, environmental, and worker safety statutes, rules, and regulations, that over a period of time tends to show a consistent pattern or that establishes intentional, criminal, or reckless conduct in violation of such laws, the business shall not qualify for economic development assistance under this part, except as provided in paragraph "b".

b. If the authority finds that the violations described in paragraph "a" did not seriously affect public health, public safety, or the environment, or if the authority finds that there were mitigating circumstances involved, the business may qualify for economic development assistance under this part, notwithstanding paragraph "a".

c. In making the findings and determinations regarding violations, mitigating circumstances, and whether the business is disqualified for economic development assistance under this part, the authority shall be exempt from [chapter 17A](#).

3. The authority shall also consider a variety of factors including but not limited to the following in determining the eligibility of a business to participate in the program:

a. The quality of the jobs to be created or retained. In rating the quality of the jobs, the authority shall place greater emphasis on those jobs that have a higher wage scale, have a lower turnover rate, are full-time or career-type positions, provide comprehensive health benefits, or have other related factors which could be considered to be higher in quality, than

to other jobs. Businesses that have wage scales substantially below that of existing Iowa businesses in that area should be rated as providing the lowest quality of jobs and should therefore be given the lowest ranking for providing such assistance.

b. The impact of the proposed project on other businesses in competition with the business being considered for assistance. The authority shall make a good-faith effort to identify existing Iowa businesses within an industry in competition with the business being considered for assistance. The authority shall make a good-faith effort to determine the probability that the proposed financial assistance will displace employees of the existing businesses. In determining the impact on businesses in competition with the business being considered for assistance, jobs created or retained as a result of other jobs being displaced elsewhere in the state shall not be considered direct jobs created or retained.

c. The economic impact to this state of the proposed project. In measuring the economic impact, the authority shall place greater emphasis on projects which can demonstrate the existence of one or more of the following conditions:

- (1) A business with a greater percentage of sales out-of-state or of import substitution.
- (2) A business with a higher proportion of in-state suppliers.
- (3) A project which would provide greater diversification of the state economy.
- (4) A business with fewer in-state competitors.
- (5) A potential for future job growth.
- (6) A project which is not a retail operation.

4. The authority may waive any of the requirements of [this section](#) for good cause shown. Subsection 1, paragraph a amended

15.330 Agreement.

A business shall enter into an agreement with the authority specifying the requirements that must be met to confirm eligibility pursuant to this part and the requirements that must be maintained throughout the period of the agreement in order to retain the incentives or financial assistance received. The authority shall consult with the community during negotiations relating to the agreement. The agreement shall contain, at a minimum, the following provisions:

1. A business that is approved to receive incentives or assistance under this part shall, for the length of the agreement, certify annually to the authority the compliance of the business with the requirements of the agreement. If the business receives a local property tax exemption, the business shall also certify annually to the community the compliance of the business with the requirements of the agreement.

2. The repayment of incentives or financial assistance by the business if the business does not meet any of the requirements of this part or the resulting agreement. The repayment of incentives pursuant to [this subsection](#) shall be considered a tax payment due and payable to the department of revenue by any taxpayer who has claimed such incentives, and the failure to make such a repayment may be treated by the department of revenue in the same manner as a failure to pay the tax shown due or required to be shown due with the filing of a return or deposit form. In addition, the county shall have the authority to take action to recover the value of property taxes not collected as a result of the exemption provided to the business under this part.

3. If a business that is approved to receive incentives or assistance under this part experiences a layoff within the state or closes any of its facilities within the state, the authority shall have the discretion to reduce or eliminate some or all of the incentives or assistance. If a business has received incentives or assistance under this part and experiences a layoff within the state or closes any of its facilities within the state, the business may be subject to repayment of all or a portion of the incentives or financial assistance that it has received.

4. A project completion date, a maintenance period completion date, the number of jobs to be created or retained, or certain other terms and obligations as the authority deems necessary in order to make the requirements in project agreements uniform. The authority, with the approval of the board, may adopt rules as necessary for making such requirements uniform. Such rules shall be in compliance with the provisions of this part.

5. The amount and type of project completion assistance to be provided under [section 15.335B](#).

6. The amount of matching funds to be received by a business from a city or county. The authority shall adopt by rule a formula for determining the amount of matching funds required under the program.

7. The business shall not be relocating or reducing operations as described in [section 15.329, subsection 1](#), paragraph “b”.

8. The proposed project shall not negatively impact other businesses in competition with the business being considered for assistance. The authority shall make a good-faith effort to identify existing Iowa businesses within an industry in competition with the business being considered for incentives or assistance. The authority shall make a good-faith effort to determine the probability that the proposed incentives or assistance will displace employees of the existing businesses. In determining the impact on businesses in competition with the business being considered for incentives or assistance, jobs created or retained as a result of other jobs being displaced elsewhere in the state shall not be considered direct jobs created or retained.

9. A report submitted to the authority by a business together with its application describing all violations of environmental law or worker safety law within the last five years. If, upon review of the application, the authority finds that the business has a record of violations of the law, statutes, rules, or regulations that tends to show a consistent pattern, the authority shall not provide incentives or assistance to the business unless the authority finds either that the violations did not seriously affect public health, public safety, or the environment, or, if such violations did seriously affect public health, public safety, or the environment, that mitigating circumstances were present.

10. That the business shall only employ individuals legally authorized to work in this state. In addition to any and all other applicable penalties provided by current law, all or a portion of the incentives or assistance received under this part by a business that is found to knowingly employ individuals not legally authorized to work in this state is subject to recapture by the authority or by the department of revenue.

11. Any terms deemed necessary by the authority to effect compliance with the eligibility requirements of [section 15.329](#).

12. a. The imposition of a one-time compliance cost fee of five hundred dollars to be collected by the authority prior to the issuance of a tax incentive certificate or the disbursement of financial assistance.

b. The imposition of a compliance cost fee equal to one-half of one percent of the value of tax incentives claimed pursuant to an agreement that has an aggregate tax incentive value of one hundred thousand dollars or greater. The authority shall collect the fee from the business after the tax incentive is claimed by the business from the department of revenue.

Taxes attributable to intangible property and furniture and furnishings shall not be refunded. However, an eligible business shall be entitled to a refund for taxes attributable to racks, shelving, and conveyor equipment to be used in a warehouse or distribution center subject to [section 15.331C](#).

2. To receive the refund, a claim shall be filed by the eligible business with the department of revenue as follows:

a. The contractor or subcontractor shall state under oath, on forms provided by the department of revenue, the amount of the sales of goods, wares, or merchandise or services rendered, furnished, or performed including water, sewer, gas, and electric utility services upon which sales or use tax has been paid prior to the project completion, and shall file the forms with the eligible business before final settlement is made.

b. The eligible business shall, not more than one year after project completion, make application to the department of revenue for any refund of the amount of the sales and use taxes paid pursuant to [chapter 423](#) upon any goods, wares, or merchandise, or services rendered, furnished, or performed, including water, sewer, gas, and electric utility services. The application shall be made in the manner and upon forms to be provided by the department of revenue, and the department of revenue shall audit the claim and, if approved, issue a warrant to the eligible business in the amount of the sales or use tax which has been paid to the state of Iowa under a contract. A claim filed by the eligible business in accordance with [this section](#) shall not be denied by reason of a limitation provision set forth in [chapter 421](#) or [423](#).

c. The eligible business shall inform the department of revenue in writing within two weeks of project completion. For purposes of [this section](#), “*project completion*” means the first date upon which the average annualized production of finished product for the preceding ninety-day period at the manufacturing facility operated by the eligible business is at least fifty percent of the initial design capacity of the facility.

An eligible business may claim a corporate tax credit in an amount equal to the sales and use taxes paid by a third-party developer under [chapter 423](#) for gas, electricity, water, or sewer utility services, goods, wares, or merchandise, or on services rendered, furnished, or performed to or for a contractor or subcontractor and used in the fulfillment of a written contract relating to the construction or equipping of a facility of the eligible business. Taxes

attributable to intangible property and furniture and furnishings shall not be included, but taxes attributable to racks, shelving, and conveyor equipment to be used in a warehouse or distribution center shall be included. Any credit in excess of the tax liability for the tax year may be credited to the tax liability for the following seven years or until depleted, whichever occurs earlier. An eligible business may elect to receive a refund of all or a portion of an unused tax credit.

2. A third-party developer shall state under oath, on forms provided by the department of revenue, the amount of taxes paid as described in [subsection 1](#) and shall submit such forms to the department of revenue. The taxes paid shall be itemized to allow identification of the taxes attributable to racks, shelving, and conveyor equipment to be used in a warehouse or distribution center. If an applicant for a tax credit certificate does not receive a certificate for the taxes paid and attributable to racks, shelving, and conveyor equipment to be used in a warehouse or distribution center, the application shall be considered in succeeding fiscal years. The eligible business shall not claim a tax credit under [this section](#) unless a tax credit certificate issued by the department of revenue is included with the taxpayer's tax return for the tax year for which the tax credit is claimed. A tax credit certificate shall contain the eligible business's name, address, tax identification number, the amount of the tax credit, and other information deemed necessary by the department of revenue.

15.333 Investment tax credit.

1. An eligible business may claim a tax credit equal to a percentage of the new investment directly related to new jobs created or retained by the project. The tax credit shall be amortized equally over five calendar years. The tax credit shall be allowed against taxes imposed under [chapter 422, division II, III, or V](#), and against the moneys and credits tax imposed in [section 533.329](#). If the business is a partnership, S corporation, limited liability company, cooperative organized under [chapter 501](#) and filing as a partnership for federal tax purposes, or estate or trust electing to have the income taxed directly to the individual, an

individual may claim the tax credit allowed. The amount claimed by the individual shall be based upon the pro rata share of the individual's earnings of the partnership, S corporation, limited liability company, cooperative organized under [chapter 501](#) and filing as a partnership for federal tax purposes, or estate or trust. The percentage shall be determined as provided in [section 15.335A](#). Any tax credit in excess of the tax liability for the tax year may be credited to the tax liability for the following seven years or until depleted, whichever occurs first.

2. For purposes of [this subsection](#), “*new investment directly related to new jobs created by the project*” means the cost of machinery and equipment, as defined in [section 427A.1, subsection 1](#), paragraphs “e” and “j”, purchased for use in the operation of the eligible business, the purchase price of which has been depreciated in accordance with generally accepted accounting principles, the purchase price of real property and any buildings and structures located on the real property, and the cost of improvements made to real property which is used in the operation of the eligible business. “*New investment directly related to new jobs created by the project*” also means the annual base rent paid to a third-party developer by an eligible business for a period not to exceed ten years, provided the cumulative cost of the base rent payments for that period does not exceed the cost of the land and the third-party developer's costs to build or renovate the building for the eligible business. The eligible business shall enter into a lease agreement with the third-party developer for a minimum of five years. If, however, within five years of purchase, the eligible business sells, disposes of, razes, or otherwise renders unusable all or a part of the land, buildings, or other existing structures for which tax credit was claimed under [this section](#), the tax liability of the eligible business for the year in which all or part of the property is sold, disposed of, razed, or otherwise rendered unusable shall be increased by one of the following amounts:

a. One hundred percent of the tax credit claimed under [this section](#) if the property ceases to be eligible for the tax credit within one full year after being placed in service.

b. Eighty percent of the tax credit claimed under [this section](#) if the property ceases to be eligible for the tax credit within two full years after being placed in service.

c. Sixty percent of the tax credit claimed under [this section](#) if the property ceases to be eligible for the tax credit within three full years after being placed in service.

d. Forty percent of the tax credit claimed under [this section](#) if the property ceases to be eligible for the tax credit within four full years after being placed in service.

15.335 Research activities credit.

1. a. An eligible business may claim a corporate tax credit for increasing research activities in this state during the period the eligible business is participating in the program.

b. For purposes of [this section](#), “*research activities*” includes the development and deployment of innovative renewable energy generation components manufactured or assembled in this state. For purposes of [this section](#), “*innovative renewable energy generation components*” does not include a component with more than two hundred megawatts of installed effective nameplate capacity.

c. The tax credits for innovative renewable energy generation components shall not exceed two million dollars.

2. a. In the case of an eligible business whose gross revenues do not exceed twenty million dollars per year, the credit equals the sum of the following:

(1) Ten percent of the excess of qualified research expenses during the tax year over the base amount for the tax year based upon the state’s apportioned share of the qualifying expenditures for increasing research activities.

(2) Ten percent of the basic research payments determined under section 41(e)(1)(A) of the Internal Revenue Code during the tax year based upon the state’s apportioned share of the qualifying expenditures for increasing research activities.

b. In the case of an eligible business whose gross revenues exceed twenty million dollars per year, the credit equals the sum of the following:

(1) Three percent of the excess of qualified research expenses during the tax year over the base amount for the tax year based upon the state’s apportioned share of the qualifying expenditures for increasing research activities.

(2) Three percent of the basic research payments determined under section 41(e)(1)(A) of the Internal Revenue Code during the tax year based upon the state's apportioned share of the qualifying expenditures for increasing research activities.

3. For purposes of [subsection 2](#), the state's apportioned share of the qualifying expenditures for increasing research activities is a percent equal to the ratio of qualified research expenditures in this state to total qualified research expenditures.

4. *a.* In lieu of the credit amount computed in [subsection 2](#), an eligible business may elect to compute the credit amount for qualified research expenses incurred in this state in a manner consistent with the alternative simplified credit described in section 41(c)(5) of the Internal Revenue Code. The taxpayer may make this election regardless of the method used for the taxpayer's federal income tax. The election made under this paragraph is for the tax year and the taxpayer may use another or the same method for any subsequent year.

b. For purposes of the alternate credit computation method in paragraph "a", the credit percentages applicable to qualified research expenses described in section 41(c)(5)(A) and clause (ii) of section 41(c)(5)(B) of the Internal Revenue Code are as follows:

(1) In the case of an eligible business whose gross revenues do not exceed twenty million dollars per year, the credit percentages are seven percent and three percent, respectively.

(2) In the case of an eligible business whose gross revenues exceed twenty million dollars per year, the credit percentages are two and one-tenth percent and nine-tenths percent, respectively.

5. The credit allowed in [this section](#) is in addition to the credit authorized in [section 422.10](#) and [section 422.33, subsection 5](#). However, if the alternative credit computation method is used in [section 422.10](#) or [section 422.33, subsection 5](#), the credit allowed in [this section](#) shall also be computed using that method.

6. If the eligible business is a partnership, S corporation, limited liability company, or estate or trust electing to have the income taxed directly to the individual, an individual may claim the tax credit allowed. The amount claimed by the individual shall be based upon the pro rata share of the individual's earnings of the partnership, S corporation, limited liability company, or estate or trust.

7. *a.* For purposes of [this section](#), "base amount", "basic research payment", and "qualified research expense" mean the same as defined for the federal credit for increasing research activities under section 41 of the Internal Revenue Code, except that for the alternative simplified credit such amounts are for research conducted within this state.

b. For purposes of [this section](#), "Internal Revenue Code" means the Internal Revenue Code in effect on January 1, 2014.

8. Any credit in excess of the tax liability for the taxable year shall be refunded with interest computed under [section 422.25](#). In lieu of claiming a refund, a taxpayer may elect to have the overpayment shown on its final, completed return credited to the tax liability for the following year.

9.
