177.2 Powers and purposes.

The Iowa crop improvement association shall have all powers necessary to carry out the following purposes:

- 1. Act as the official seed certifying agency for Iowa as provided by rules adopted by the department.
- 2. Adopt procedures for conducting seed and plant stock certification and planting stock quality assurance, pursuant to rules adopted by the department.
- 3. Provide educational and leadership opportunities to influence public policy regarding crop improvement.
- 4. Conduct, in cooperation with Iowa state university college of agriculture and life sciences, testing and disseminate information regarding the adaptation and performance of crop cultivars.
- 5. Coordinate all Iowa crop improvement association activities in a manner that is consistent with environmentally sound agricultural practices.
 - 6. Provide a mechanism for commodity identity preservation.
- 7. Engage in such other activities that are reasonably connected to the purposes of this section.
