a. If the person is eighteen years of age or older, as follows:

(2) The costs attributed to a substance-related disorder shall be paid by the person's county of residence.

(3) The costs attributable to a dual diagnosis of mental illness and a substance-related disorder may be split as provided in [section 226.9C](#).

b. By the state as a state case if such person has no residence in this state, if the person's residence is unknown, or if the person is under eighteen years of age.

2. The county of residence of any person with mental illness who is a patient of any state institution shall be the person's county of residence existing at the time of admission to the institution.

3. A county of residence is not liable for costs and expenses associated with a person with mental illness unless the costs and expenses are for services and other support authorized for the person through the central point of coordination process.\* For the purposes of [this chapter](#), "central point of coordination process" means the same as defined in [section 331.440](#).\*

**230.2 Finding of residence.**

If a person's residency status is disputed, the residency shall be determined in accordance with [section 331.394](#). Otherwise, the district court may, when the person is ordered placed in a hospital for psychiatric examination and appropriate treatment, or as soon thereafter as the court obtains the proper information, make one of the following determinations and enter

of record whether the residence of the person is in a county or the person is deemed to be a state case, as follows:

1. That the person's residence is in the county from which the person was placed in the hospital.
2. That the person's residence is in another county of the state.
3. That the person's residence is in a foreign state or country and the person is deemed to be a state case.

The certification shall be accompanied by a copy of the evidence supporting the determination. Upon receiving the certification, the superintendent shall charge the expenses already incurred and unadjusted, and all future expenses of the person, to the county determined to be the county of residence.

### **230.4 Certification to debtor county.**

A determination of a person's county of residence made in accordance with [section 230.2](#) or [230.3](#) shall be sent by the court or the county to the county auditor of the county of residence. The certification shall be accompanied by a copy of the evidence supporting the determination. The auditor shall provide the certification to the board of supervisors of the auditor's county, and it shall be conclusively presumed that the person has residence in the notified county unless that county disputes the finding of residence as provided in [section 331.394](#).

[C73, §1402; C97, §2270; S13, §2270; C24, 27, 31, 35, 39, §3584; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §230.4]

### **230.5 Nonresidents.**

If a person's residence is determined in accordance with [section 230.2](#) or [230.3](#) to be in a foreign state or country, or is unknown, the court or the county shall immediately certify the determination to the department's administrator. The certification shall be accompanied by a copy of the evidence supporting the determination. A court order issued pursuant to [section 229.13](#) shall direct that the patient be hospitalized at the appropriate state hospital for persons with mental illness.

[C73, §1402; C97, §2270; S13, §2270, 2727-a28a; C24, 27, 31, 35, 39, §3585; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §230.5]

### **230.6 Investigation by administrator.**

The administrator shall immediately investigate the residency of a patient and proceed as follows:

1. If the administrator concurs with a certified determination of residency concerning the patient, the administrator shall cause the patient either to be transferred to a state hospital for persons with mental illness at the expense of the state, or to be transferred, with approval of the court as required by [chapter 229](#) to the place of foreign residence.
2. If the administrator disputes a certified legal residency determination, the administrator

shall order the patient to be maintained at a state hospital for persons with mental illness at the expense of the state until the dispute is resolved.

3. If the administrator disputes a residency determination, the administrator shall utilize the procedure provided in [section 331.394](#) to resolve the dispute. A determination of the person's residency status made pursuant to [section 331.394](#) is conclusive.

#### **230.7 Transfer of nonresidents.**

Upon determining that a patient in a state hospital who has been involuntarily hospitalized under [chapter 229](#) or admitted voluntarily at public expense was not a resident of this state at the time of the involuntary hospitalization or admission, the administrator may cause that patient to be conveyed to the patient's place of residence. However, a transfer under [this section](#) may be made only if the patient's condition so permits and other reasons do not render the transfer inadvisable. If the patient was involuntarily hospitalized, prior approval of the transfer must be obtained from the court which ordered the patient hospitalized.

#### **230.8 Transfers of persons with mental illness — expenses.**

The transfer to any state hospitals or to the places of their residence of persons with mental illness who have no residence in this state or whose residence is unknown and deemed to be a state case, shall be made according to the directions of the administrator, and when practicable by employees of the state hospitals. The actual and necessary expenses of such transfers shall be paid on itemized vouchers sworn to by the claimants and approved by the administrator, and the amount of the expenses is appropriated to the department from any funds in the state treasury not otherwise appropriated.

#### **230.9 Subsequent discovery of residence.**

If, after a person has been received by a state hospital for persons with mental illness as a state case patient whose residence is supposed to be outside this state, the administrator determines that the residence of the person was, at the time of admission or commitment, in a county of this state, the administrator shall certify the determination and charge all legal costs and expenses pertaining to the admission or commitment and support of the person to the county of residence. The certification shall be sent to the county of residence. The certification shall be accompanied by a copy of the evidence supporting the determination. The costs and expenses shall be collected as provided by law in other cases. If the person's residency status has been determined in accordance with [section 331.394](#), the legal costs and expenses shall be charged to the county of residence or as a state case in accordance with that determination.

All legal costs and expenses attending the taking into custody, care, investigation, and admission or commitment of a person to a state hospital for persons with mental illness under

a finding that the person has residency in another county of this state shall be charged against the county of residence.

The amount of the costs and expenses approved by the administrator is appropriated to the department from any money in the state treasury not otherwise appropriated. #### **230.15 Personal liability.**

1. A person with mental illness and a person legally liable for the person's support remain liable for the support of the person with mental illness as provided in [this section](#). Persons legally liable for the support of a person with mental illness include the spouse of the person, any person bound by contract for support of the person, and, with respect to persons with mental illness under eighteen years of age only, the father and mother of the person. The county auditor, subject to the direction of the board of supervisors, shall enforce the obligation created in [this section](#) as to all sums advanced by the county. The liability to the county incurred by a person with mental illness or a person legally liable for the person's support under [this section](#) is limited to an amount equal to one hundred percent of the cost of care and treatment of the person with mental illness at a state mental health institute for one hundred twenty days of hospitalization. This limit of liability may be reached by payment of the cost of care and treatment of the person with mental illness subsequent to a single admission or multiple admissions to a state mental health institute or, if the person is not discharged as cured, subsequent to a single transfer or multiple transfers to a county care facility pursuant to [section 227.11](#). After reaching this limit of liability, a person with mental illness or a person legally liable for the person's support is liable to the county for the care and treatment of the person with mental illness at a state mental health institute or, if transferred but not discharged as cured, at a county care facility in an amount not in excess of the average minimum cost of the maintenance of an individual who is physically and mentally healthy residing in the individual's own home, which standard shall be established and may from time to time be revised by the department of human services. A lien imposed by [section](#)

**230.25** shall not exceed the amount of the liability which may be incurred under [this section](#) on account of a person with mental illness.

2. A person with a substance-related disorder is legally liable for the total amount of the cost of providing care, maintenance, and treatment for the person with a substance-related disorder while a voluntary or committed patient. When a portion of the cost is paid by a county, the person with a substance-related disorder is legally liable to the county for the amount paid. The person with a substance-related disorder shall assign any claim for reimbursement under any contract of indemnity, by insurance or otherwise, providing for the person's care, maintenance, and treatment in a state hospital to the state. Any payments received by the state from or on behalf of a person with a substance-related disorder shall be in part credited to the county in proportion to the share of the costs paid by the county.

3. Nothing in [this section](#) shall be construed to prevent a relative or other person from voluntarily paying the full actual cost or any portion of the care and treatment of any person with mental illness or a substance-related disorder as established by the department of human services.

#### **230.16 Presumption.**

In actions to enforce the liability imposed by [section 230.15](#), the certificate from the superintendent to the county auditor stating the sums charged in such cases, shall be presumptively correct.

[R60, §1488; C73, §1433; C97, §2297; C24, 27, 31, 35, 39, §3596; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §230.16]

#### **230.17 Board may compromise lien.**

The board of supervisors is hereby empowered to compromise any and all liabilities to the county, created by [this chapter](#), when such compromise is deemed to be for the best interests of the county.

#### **230.19 Nonresidents liable to state — presumption.**

The estates of all nonresident patients provided for and treated in state hospitals for persons with mental illness in this state, and all persons legally bound for the support of such patients, shall be liable to the state for the reasonable value of the care, maintenance, and treatment of such patients while in such hospitals. The certificate of the superintendent of the state hospital in which any nonresident is or has been a patient, showing the amounts drawn from the state treasury or due therefrom as provided by law on account of such nonresident patient, shall be presumptive evidence of the reasonable value of the care, maintenance, and treatment furnished such patient.

[S13, §2297-a; C24, 27, 31, 35, 39, §3599; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §230.19]

[96 Acts, ch 1129, §113](#)

**230.20 Billing of patient charges — computation of actual costs — cost settlement.**

1. The superintendent of each mental health institute shall compute by February 1 the average daily patient charges and other service charges for which each county will be billed for services provided to patients chargeable to the county during the fiscal year beginning the following July 1. The department shall certify the amount of the charges and notify the counties of the billing charges.

a. The superintendent shall separately compute by program the average daily patient charge for a mental health institute for services provided in the following fiscal year, in accordance with generally accepted accounting procedures, by totaling the expenditures of the program for the immediately preceding calendar year, by adjusting the expenditures by a percentage not to exceed the percentage increase in the consumer price index for all urban consumers for the immediately preceding calendar year, and by dividing the adjusted expenditures by the total inpatient days of service provided in the program during the immediately preceding calendar year. However, the superintendent shall not include the following in the computation of the average daily patient charge:

(1) The costs of food, lodging, and other maintenance provided to persons not patients of the hospital.

(2) The costs of certain direct medical services identified in administrative rule, which may include but need not be limited to X-ray, laboratory, and dental services.

(3) The costs of outpatient and state placement services.

(4) The costs of the psychiatric residency program.

(5) The costs of the chaplain intern program.

b. The department shall compute the direct medical services, outpatient, and state placement services charges, in accordance with generally accepted accounting procedures, on the basis of the actual cost of the services provided during the immediately preceding calendar year. The direct medical services, outpatient, and state placement services shall be billed directly against the patient who received the services.

2. a. The superintendent shall certify to the department the billings to each county for services provided to patients chargeable to the county during the preceding calendar quarter. The county billings shall be based on the average daily patient charge and other service charges computed pursuant to [subsection 1](#), and the number of inpatient days and other service units chargeable to the county. However, a county billing shall be decreased by an amount equal to reimbursement by a third party payor or estimation of such reimbursement from a claim submitted by the superintendent to the third party payor for the preceding calendar quarter. When the actual third party payor reimbursement is greater or less than estimated, the difference shall be reflected in the county billing in the calendar quarter the actual third party payor reimbursement is determined.

b. The per diem costs billed to each county shall not exceed the per diem costs billed to the county in the fiscal year beginning July 1, 1996. However, the per diem costs billed to a county may be adjusted annually to reflect increased costs to the extent of the percentage increase in the total of county fixed budgets pursuant to the allowed growth factor adjustment authorized by the general assembly for the fiscal year in accordance with [section 331.439](#).\*

3. The superintendent shall compute in January the actual per-patient-per-day cost for each mental health institute for the immediately preceding calendar year, in accordance with generally accepted accounting procedures, by totaling the actual expenditures of the mental health institute for the calendar year and by dividing the total actual expenditures by the total inpatient days of service provided during the calendar year.

4. The department shall certify to the counties by February 1 the actual per-patient-per-day costs, as computed pursuant to [subsection 3](#), and the actual costs owed by each county for the immediately preceding calendar year for patients chargeable to the county. If the actual costs owed by the county are greater than the charges billed to the county pursuant to [subsection 2](#), the department shall bill the county for the difference with the billing for the quarter ending June 30. If the actual costs owed by the county are less than the charges billed to the county pursuant to [subsection 2](#), the department shall credit the county for the difference starting with the billing for the quarter ending June 30.

5. An individual statement shall be prepared for a patient on or before the fifteenth day

of the month following the month in which the patient leaves the mental health institute, and a general statement shall be prepared at least quarterly for each county to which charges are made under [this section](#). Except as otherwise required by [sections 125.33](#) and [125.34](#), the general statement shall list the name of each patient chargeable to that county who was served by the mental health institute during the preceding month or calendar quarter, the amount due on account of each patient, and the specific dates for which any third party payor reimbursement received by the state is applied to the statement and billing, and the county shall be billed for eighty percent of the stated charge for each patient specified in [this subsection](#). The statement prepared for each county shall be certified by the department and a duplicate statement shall be mailed to the auditor of that county.

6. All or any reasonable portion of the charges incurred for services provided to a patient, to the most recent date for which the charges have been computed, may be paid at any time by the patient or by any other person on the patient's behalf. Any payment made by the patient or other person, and any federal financial assistance received pursuant to Tit. XVIII or XIX of the federal Social Security Act for services rendered to a patient, shall be credited against the patient's account and, if the charges paid as described in [this subsection](#) have previously been billed to a county, reflected in the mental health institute's next general statement to that county.

7. A superintendent of a mental health institute may request that the director of human services enter into a contract with a person for the mental health institute to provide consultation or treatment services or for fulfilling other purposes which are consistent with the purposes stated in [section 226.1](#). The contract provisions shall include charges which reflect the actual cost of providing the services or fulfilling the other purposes. Any income from a contract authorized under [this subsection](#) may be retained by the mental health institute to defray the costs of providing the services. Except for a contract voluntarily entered into by a county under [this subsection](#), the costs or income associated with a contract authorized under [this subsection](#) shall not be considered in computing charges and per diem costs in accordance with the provisions of [subsections 1 through 6](#) of [this section](#).

8. The department shall provide a county with information, which is not otherwise confidential under law, in the department's possession concerning a patient whose cost of care is chargeable to the county, including but not limited to the information specified in [section 229.24, subsection 3](#).
