b. The child's parent, guardian, or custodian is seeking employment. Eligibility for assistance while seeking employment shall be limited to thirty days during a twelve-month period.

c. The child's parent, guardian, or custodian is employed and the family income meets income requirements.

d. The child's parent, guardian, or custodian is absent for a limited period of time due to hospitalization, physical illness, or mental illness, or is present but is unable to care for the child for a limited period as verified by a physician.

e. The child needs protective services to prevent or alleviate child abuse or neglect.

f. The person's family circumstances are described in paragraph "a", "b", "c", or "d", the person is thirteen years of age or older but younger than sixteen years of age, and state child care assistance is approved for the person by the director or the director's designee based on a request for an exception to policy made by the person's parent, guardian, or custodian because special family circumstances exist that would place the safety and well-being of the person at risk if the person is left home alone. The definition of child in [section 237A.1](#) does not apply to child care supported by state child care assistance approved pursuant to this lettered paragraph.

2. Services under the program may be provided in a licensed child care center, a child development home, the home of a relative, the child's own home, a child care home, or in a facility exempt from licensing or registration.

3. The department shall set reimbursement rates as authorized by appropriations enacted for payment of the reimbursements. The department shall conduct a statewide reimbursement rate survey to compile information on each county and the survey shall be conducted at least every two years. The department shall set rates in a manner so as to provide incentives for an unregistered provider to become registered.

4. The department's billing and payment provisions for the program shall allow providers to elect either biweekly or monthly billing and payment for child care provided under the program. The department shall remit payment to a provider within ten business days of receiving a bill or claim for services provided. However, if the department determines that a bill has an error or omission, the department shall notify the provider of the error or omission and identify any correction needed before issuance of payment to the provider. The department shall provide the notice within five business days of receiving the billing from the provider and shall remit payment to the provider within ten business days of receiving the corrected billing.

5. On or before July 1, 2007, the department shall implement a system for making program payments by electronic funds transfer or other electronic means.
