

257.8 State percent of growth — supplemental state aid.

1. *State percent of growth.* The state percent of growth for the budget year beginning July 1, 2012, is two percent. The state percent of growth for the budget year beginning July 1, 2013, is two percent. The state percent of growth for the budget year beginning July 1, 2014, is four percent. The state percent of growth for each subsequent budget year shall be established by statute which shall be enacted within thirty days of the submission in the year preceding the base year of the governor's budget under [section 8.21](#). The establishment of the state percent of growth for a budget year shall be the only subject matter of the bill which enacts the state percent of growth for a budget year.

2. *Categorical state percent of growth.* The categorical state percent of growth for the budget year beginning July 1, 2012, is two percent. The categorical state percent of growth for the budget year beginning July 1, 2013, is two percent. The categorical state percent of growth for the budget year beginning July 1, 2014, is four percent. The categorical state percent of growth for each budget year shall be established by statute which shall be enacted within thirty days of the submission in the year preceding the base year of the governor's budget under [section 8.21](#). The establishment of the categorical state percent of growth for a budget year shall be the only subject matter of the bill which enacts the categorical state percent of growth for a budget year. The categorical state percent of growth may include state percents of growth for the teacher salary supplement, the professional development supplement, the early intervention supplement, and the teacher leadership supplement.

3. *Supplemental state aid calculation.* The department of management shall calculate the regular program supplemental state aid for a budget year by multiplying the state percent of growth for the budget year by the regular program state cost per pupil for the base year and shall calculate the special education support services supplemental state aid for the budget year by multiplying the state percent of growth for the budget year by the special education support services state cost per pupil for the base year.

4. *Combined supplemental state aid.* The combined supplemental state aid per pupil for each school district is the sum of the regular program supplemental state aid per pupil and the special education support services supplemental state aid per pupil for the budget year, which may be modified as follows:

- a. By the school budget review committee under [section 257.31](#).
- b. By the department of management under [section 257.36](#).

5. *Alternate supplemental state aid — definitions.* For budget years beginning July 1, 2000, and subsequent budget years, references to the terms “supplemental state aid”, “regular program state cost per pupil”, and “regular program district cost per pupil” shall mean those terms as calculated for those school districts that calculated regular program supplemental state aid for the school budget year beginning July 1, 1999, with the additional thirty-eight dollars specified in [section 257.8, subsection 4, Code 2013](#).
