1. *Consideration of plans.* The council shall consider solid waste management plans submitted by solid waste planning areas and make recommendations for designation as an environmental management system to the commission. All system designations recommended by the council are subject to approval by the commission. Any solid waste planning area may submit a plan to the council and seek designation as a system.

a. By October 1, 2008, the council shall recommend the designation of up to six initial qualifying solid waste planning areas as environmental management systems to serve as pilot projects. By October 1, 2009, and by the same date each year thereafter, the council may recommend the designation of any additional planning areas as systems, provided those areas meet the requirements of [section 455J.3](#).

If the council determines that a planning area is no longer in compliance, the council may recommend to the commission the revocation of the planning area's system designation.

b. The council may review and monitor the progress of those planning areas that have not been designated as a system and shall coordinate with other statewide boards, task forces, and other entities in order to achieve the goals and objectives of [this chapter](#).

3. Allocation of funds.

The council shall recommend to the commission a reasonable allocation of the moneys provided in [section 455E.11, subsection 2](#), paragraph "a", subparagraph (1), subparagraph division (d), to eligible systems.
