

508C.3 Scope.

1. **This chapter** shall provide coverage under the policies and contracts specified in **subsection 2** to all of the following:

(1) Residents of this state.

(2) Nonresidents of this state if all of the following conditions are met:

(a) The state in which the person resides has an association similar to the association created in **this chapter**.

(b) The person is not eligible for coverage by an association described in subparagraph division (a) in any other state due to the fact that the insurer was not licensed in the state at the time specified in that state’s guaranty association law.

(c) The insurer is domiciled in this state.

c. Persons who are the owners of unallocated annuity contracts if the contracts are issued to or in connection with a specific benefit plan whose plan sponsor has its principal place of business in this state.

d. (1) A payee, or the beneficiary of a payee if the payee is deceased, of a structured settlement annuity, if the payee or beneficiary of the structured settlement annuity is either of the following:

e. A person who is a resident of this state and, only in special circumstances, to a nonresident. In order to avoid duplicate coverage, if a person who would otherwise receive coverage under **this chapter** is provided coverage under the laws of any other state, that person shall not be provided coverage under **this chapter**. In determining the application of the provisions of this paragraph in situations where a person could be provided coverage by the association of more than one state, whether as an owner, payee, beneficiary, or assignee, **this chapter** shall be construed in conjunction with other state laws to result in coverage by the association of only one state.

2. **This chapter** shall provide coverage to the persons specified in **subsection 1** under direct life insurance policies, health insurance policies including long-term care insurance and disability insurance policies, annuity contracts, supplemental contracts, certificates under group policies or contracts, and unallocated annuity contracts issued by member insurers.

3. Coverage under **this chapter** shall not be provided to any of the following:

a. A person who is a payee, or the beneficiary of a payee if the payee is deceased, of a contract owner who is a resident of this state, if the payee or the beneficiary of the payee is provided any coverage by the association of another state.

b. A person who is covered pursuant to **subsection 1**, paragraph “c”, if that person is provided any coverage by the association of another state.

4. **This chapter** does not apply to:

a. Any portion of a policy or contract to the extent that the rate of interest on which it is

based on the interest rate, crediting rate, or similar factor determined by use of an index or other external reference stated in the policy or contract and employed in calculating returns or changes in value, averaged over the period of four years prior to the date on which the association becomes obligated with respect to the policy or contract, exceeds a rate of interest determined by subtracting two percentage points from Moody's corporate bond yield average for the same four-year period or over such lesser period if the policy or contract was issued less than four years before the association became obligated; and on or after the date on which the association becomes obligated with respect to the policy or contract, exceeds the rate of interest determined by subtracting three percentage points from Moody's corporate bond yield average as most recently available.

b. That portion or part of a policy or contract not guaranteed by the insurer, or under which the risk is borne by the policyholder.

If a covered policy's interest or change in value is credited less frequently than annually, then for purposes of determining the values that have been credited and are not subject to forfeiture under the covered policy, the interest or change in value determined by using the procedures defined in the covered policy will be credited as if the contractual date of crediting interest or changing values was the date of impairment or insolvency, whichever is earlier, and will not be subject to forfeiture.
