513A.3 How to show jurisdiction.

A third-party payor may establish that the third-party payor is subject to the jurisdiction of another agency of the state, any subdivision of the state, or the federal government, by providing to the insurance commissioner the appropriate certificate, license, or other document issued by the agency which permits or qualifies the third-party payor to provide those services.

91 Acts, ch 213, §13
