

**607A.43 Correcting illegality in original lists.**

If the court for any reason determines that there has been such substantial failure to comply with the law relative to selection, preparation, or return of grand or petit lists that lawful grand or petit jurors cannot be drawn, or that the lists are exhausted or insufficient for the needs of the court, the court shall order the ex officio jury commission or the jury manager to convene at a fixed time and place to prepare lists in lieu of the lists which have been found to be illegal, or an additional list or lists as the court deems necessary.
