

15.330 Agreement.

A business shall enter into an agreement with the authority specifying the requirements that must be met to confirm eligibility pursuant to this part and the requirements that must be maintained throughout the period of the agreement in order to retain the incentives or financial assistance received. The authority shall consult with the community during negotiations relating to the agreement. The agreement shall contain, at a minimum, the following provisions:

1. A business that is approved to receive incentives or assistance under this part shall, for the length of the agreement, certify annually to the authority the compliance of the business with the requirements of the agreement. If the business receives a local property tax exemption, the business shall also certify annually to the community the compliance of the business with the requirements of the agreement.

2. The repayment of incentives or financial assistance by the business if the business does not meet any of the requirements of this part or the resulting agreement. The repayment of incentives pursuant to [this subsection](#) shall be considered a tax payment due and payable to the department of revenue by any taxpayer who has claimed such incentives, and the failure to make such a repayment may be treated by the department of revenue in the same manner as a failure to pay the tax shown due or required to be shown due with the filing of a return or deposit form. In addition, the county shall have the authority to take action to recover the value of property taxes not collected as a result of the exemption provided to the business under this part.

3. If a business that is approved to receive incentives or assistance under this part experiences a layoff within the state or closes any of its facilities within the state, the authority shall have the discretion to reduce or eliminate some or all of the incentives or assistance. If a business has received incentives or assistance under this part and experiences a layoff within the state or closes any of its facilities within the state, the business may be subject to repayment of all or a portion of the incentives or financial assistance that it has received.

4. A project completion date, a maintenance period completion date, the number of jobs to be created or retained, or certain other terms and obligations as the authority deems necessary in order to make the requirements in project agreements uniform. The authority, with the approval of the board, may adopt rules as necessary for making such requirements uniform. Such rules shall be in compliance with the provisions of this part.

5. The amount and type of project completion assistance to be provided under [section 15.335B](#).

6. The amount of matching funds to be received by a business from a city or county. The authority shall adopt by rule a formula for determining the amount of matching funds required under the program.

7. The business shall not be relocating or reducing operations as described in [section 15.329, subsection 1](#), paragraph "b".

8. The proposed project shall not negatively impact other businesses in competition with the business being considered for assistance. The authority shall make a good-faith effort to identify existing Iowa businesses within an industry in competition with the business being considered for incentives or assistance. The authority shall make a good-faith effort to determine the probability that the proposed incentives or assistance will displace employees of the existing businesses. In determining the impact on businesses in competition with the business being considered for incentives or assistance, jobs created or retained as a result of other jobs being displaced elsewhere in the state shall not be considered direct jobs created or retained.

9. A report submitted to the authority by a business together with its application describing all violations of environmental law or worker safety law within the last five years. If, upon review of the application, the authority finds that the business has a record of violations of the law, statutes, rules, or regulations that tends to show a consistent pattern, the authority shall not provide incentives or assistance to the business unless the authority finds either that the violations did not seriously affect public health, public safety, or the environment, or, if such violations did seriously affect public health, public safety, or the environment, that mitigating circumstances were present.

10. That the business shall only employ individuals legally authorized to work in this state. In addition to any and all other applicable penalties provided by current law, all or a portion of the incentives or assistance received under this part by a business that is found to knowingly employ individuals not legally authorized to work in this state is subject to recapture by the authority or by the department of revenue.

11. Any terms deemed necessary by the authority to effect compliance with the eligibility requirements of [section 15.329](#).

12. *a.* The imposition of a one-time compliance cost fee of five hundred dollars to be collected by the authority prior to the issuance of a tax incentive certificate or the disbursement of financial assistance.

b. The imposition of a compliance cost fee equal to one-half of one percent of the value of tax incentives claimed pursuant to an agreement that has an aggregate tax incentive value of one hundred thousand dollars or greater. The authority shall collect the fee from the business after the tax incentive is claimed by the business from the department of revenue.
