

235A.12 Legislative findings and purposes.

1. The general assembly finds and declares that a central registry is required to provide a single source for the statewide collection, maintenance, and dissemination of child abuse information. The existence of the central registry is imperative for increased effectiveness in dealing with the problem of child abuse. The general assembly also finds that vigorous protection of rights of individual privacy is an indispensable element of a fair and effective system of collecting, maintaining, and disseminating child abuse information.

2. The purposes of [this section](#) and [sections 235A.13 through 235A.24](#) are to facilitate the identification of victims or potential victims of child abuse by making available a single, statewide source of child abuse data; to facilitate research on child abuse by making available a single, statewide source of child abuse data; and to provide maximum safeguards against the unwarranted invasions of privacy which such a registry might otherwise entail.
