If the person is applying for a temporary persons with disabilities parking permit, the physician's, physician assistant's, nurse practitioner's, or chiropractor's statement shall state the period of time during which the person is expected to be disabled and the period of time for which the permit should be issued, not to exceed six months. The department may waive the requirement that the applicant furnish the applicant's social security number, Iowa driver's license number, or nonoperator's identification card number when the application for a temporary persons with disabilities parking permit is made on behalf of a person who is less than one year old. The department may accept a certification of disability from the United States department of veterans affairs in lieu of a statement from a physician, physician assistant, advanced registered nurse practitioner, or chiropractor. The department may adopt rules pursuant to chapter 17A detailing the requirements for an acceptable certification of disability.

a. A person with a disability may apply for one of the following persons with disabilities parking permits:

   (2) Persons with disabilities parking sticker. An applicant who owns a motor vehicle for which the applicant has been issued registration plates under section 321.34 or registration plates as a seriously disabled veteran under section 321.105 may apply to the department for a persons with disabilities parking sticker to be affixed to the plates. The persons with disabilities parking stickers shall bear the international symbol of accessibility.

   (3) Removable windshield placard.

      (a) A person with a disability may apply for a temporary removable windshield placard valid for a period of up to six months or a standard removable windshield placard valid for a period of five years, as determined by the physician's, physician assistant's, nurse practitioner's, or chiropractor's statement under this subsection.

      (i) A temporary removable windshield placard shall be renewed within thirty days of the date of expiration. Persons seeking temporary removable windshield plards shall be required to furnish evidence upon initial application that they have a temporary disability and, in addition, furnish evidence at subsequent intervals that they remain temporarily disabled. Temporary removable windshield plards shall be of a distinctly different color from standard removable windshield plards.

      (ii) A standard removable windshield placard shall expire on the last day of the month five years from the date of issuance. A person with a disability may renew a standard removable windshield placard within thirty days before or after the date of expiration by submitting a statement from a physician, physician's assistant, nurse practitioner, or chiropractor, as
provided in this subsection, to the department that the person has a continuing need for the placard.

(b) The department shall issue one additional removable windshield placard upon the request of a person with a disability.

h. The department may issue expiring removable windshield placards to the following:

(1) An organization which has a program for transporting persons with disabilities or elderly persons.

(2) A person in the business of transporting persons with disabilities or elderly persons.

(3) One expiring removable windshield placard may be issued for each vehicle used by the organization or person for transporting persons with disabilities or elderly persons. A placard issued under this paragraph shall be renewed every four years from the date of issuance and shall be surrendered to the department if the organization or person is no longer providing the service for which the placard was issued. Notwithstanding section 321L.4, a person transporting persons with disabilities or elderly persons in a motor vehicle for which a placard has been issued under this paragraph may display the placard in the motor vehicle and may use a persons with disabilities parking space while the motor vehicle is displaying the placard. A placard issued under this paragraph shall be of a distinctively different color from a placard issued under paragraph “a”.

(4) A new removable windshield placard can be issued if the previously issued placard is reported lost, stolen, or damaged. The placard reported as being lost or stolen shall be invalidated by the department. A placard which is damaged shall be returned to the department and exchanged for a new placard in accordance with rules adopted by the department.

2. Any person providing false information with the intent to defraud on the application for a persons with disabilities parking permit used in establishing proof under subsection 1 is subject to a civil penalty of three hundred dollars which may be imposed by the department. A physician, physician assistant, nurse practitioner, or chiropractor who provides false information with the intent to defraud on the physician’s, physician assistant’s, nurse practitioner’s, or chiropractor’s statement used in establishing proof under subsection 1 is subject to a civil penalty of three hundred dollars which may be imposed by the department. In addition to the civil penalty, the department shall revoke the permit issued pursuant to this section.

§321L.2, PARKING FOR PERSONS WITH DISABILITIES

4. A removable windshield placard shall only be displayed when the vehicle is parked in a persons with disabilities parking space. The removable windshield placard shall be displayed in a manner that allows the entire placard to be visible through the vehicle’s windshield.

5. A seriously disabled veteran who has been provided with an automobile or other vehicle by the United States government under the provisions of 38 U.S.C. §1901 et seq. (1970) is not required to apply for a persons with disabilities parking permit under this section unless the veteran has been issued special registration plates or personalized plates for the vehicle. The regular registration plates issued for the disabled veteran’s vehicle without fee pursuant to section 321.105 entitle the disabled veteran to all of the rights and privileges associated with persons with disabilities parking permits under this chapter.
