

**101A.3 User's permit — how issued — violation.**

1. User's permits to purchase, possess, transport, store, and detonate explosive materials shall be issued by the sheriff of the county or the chief of police of a city of ten thousand population or more where the possession and detonation will occur. If the possession and detonation are to occur in more than one county or city, then such permits must be issued by the sheriff or chief of police of each of such counties or cities, except in counties and cities in which the explosives are possessed for the sole purpose of transporting them through such counties and cities. A permit shall not be issued unless the sheriff or chief of police having jurisdiction is satisfied that possession and detonation of explosive materials is necessary to the applicant's business or to improve the applicant's property. Permits shall be issued only to persons who, in the discretion of the sheriff or chief of police, are of good character and sound judgment, and have sufficient knowledge of the use and handling of explosive materials to protect the public safety. Applicants shall be subject to the criminal history check provisions of [section 101A.2, subsection 3](#). The state fire marshal shall prescribe, have printed, and distribute permit application forms to all local permit issuing authorities.

2. The user's permit shall state the quantity of explosive materials which the permittee may purchase, the amount the permittee may have in possession at any one time, the amount the permittee may detonate at any one time, and the period of time during which the purchase, possession, and detonation of explosive materials is authorized. The permit shall also specify the place where detonation may occur, the location and description of the place where the explosive materials will be stored, if such be the case, and shall contain such other information as may be required under the rules and regulations of the state fire marshal. The permit shall not authorize purchase, possession, and detonation of a quantity of explosive materials in excess of that which is necessary in the pursuit of the applicant's business or the improvement of the permittee's property, nor shall such purchase, possession, and detonation be authorized for a period longer than is necessary for the specified purpose. In no event shall the permit be valid for more than thirty days from date of issuance but it may be renewed upon proper showing of necessity.

3. The user's permit may be revoked for any of the reasons specified in [section 101A.2, subsection 1](#), for suspension or revocation of a commercial license.

4. It shall be unlawful for a person to willfully purchase, possess, transport, store, or detonate explosive materials unless such person is the holder of a valid permit issued pursuant to [this section](#) or a valid license issued pursuant to [section 101A.2](#).

5. The sheriff or the chief of police shall charge a fee of three dollars for each permit issued. The money collected from permit fees shall be deposited in the county treasury or the general fund of the city.
