

231.32 Criteria for designation of area agencies on aging.

1. The commission shall designate an area agency on aging for each planning and service area. The commission shall continue the designation until an area agency on aging's designation is removed for cause as determined by the commission, until the time of renewal or the annual update of an area plan, until the agency voluntarily withdraws as an area agency on aging, or until a change in the designation of planning and service areas or area agencies on aging is required by state or federal law. In that event, the commission shall proceed in accordance with [subsections 2, 3, and 4](#). Designated area agencies on aging shall comply with the requirements of the federal Act.

2. The commission shall designate an area agency to serve each planning and service area, after consideration of the views offered by units of general purpose local government. An area agency may be:

a. An established office of aging which is operating within a planning and service area designated by the commission.

b. Any office or agency of a unit of general purpose local government, which is designated to function only for the purpose of serving as an area agency on aging by the chief elected official of such unit.

c. Any office or agency designated by the appropriate chief elected officials of any combination of units of general purpose local government to act only on behalf of such combination for such purpose.

d. Any public or nonprofit private agency in a planning and service area or any separate organizational unit within such agency which is under the supervision or direction for this purpose of the department on aging and which can and will engage only in the planning or provision of a broad range of long-term living and community support services or nutrition services within the planning and service area.

3. When the commission designates a new area agency on aging the commission shall give the right of first refusal to a unit of general purpose local government if:

a. Such unit can meet the requirements of [subsection 1](#).

b. The boundaries of such a unit and the boundaries of the area are reasonably contiguous.

4. Each area agency shall provide assurance, determined adequate by the commission, that the area agency has the ability to develop an area plan and to carry out, directly or through contractual or other arrangements, a program in accordance with the plan within the planning and service area. In designating an area agency on aging within the planning and service area, the commission shall give preference to an established office of aging, unless the commission finds that no such office within the planning and service area has the capacity to carry out the area plan.

5. Upon designation, an area agency on aging shall be considered an instrumentality of the state and shall adhere to all state and federal mandates applicable to an instrumentality of the state.
