Referred to in [§258.6](#)
 Section amended

258.3 Personnel.

The director of the department of education shall appoint and direct the work of personnel as necessary to carry out [this chapter](#).

[C24, 27, 31, 35, 39, §3839; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §258.3]
[85 Acts, ch 212, §21](#); [86 Acts, ch 1245, §1425](#)

258.3A Duties of state board.

The state board shall do all of the following:

1. Approve the multiyear state plan developed in accordance with applicable federal laws and regulations governing career and technical education.
2. Adopt rules prescribing standards for teachers in the six career and technical education service areas specified in [section 256.11, subsection 5](#), paragraph “h”, in approved programs.
3. Adopt rules prescribing standards for approval of school district career and technical education programs; and community colleges with career and technical education programs; and practitioner preparation schools, departments, and classes, applying for federal and state moneys under [this chapter](#).
4. Adopt rules prescribing standards for the career and technical education service areas specified in [section 256.11, subsection 5](#), paragraph “h”.
5. Adopt rules prescribing standards for approval of career and technical education planning partnerships, collaborations, and regional centers in accordance with [section](#)

258.14. The rules shall establish a process for the establishment of no fewer than twelve and no greater than fifteen regions in which regional career and technical education planning partnerships may operate. The rules shall establish standards to ensure regional centers have appropriate educational programs, adequate participation, and are located within an appropriate distance of participating high schools and in a manner compatible with development of a statewide network of regional centers.

Referred to in §258.4, 258.6, 258.14
Unnumbered paragraph 1 amended

258.4 Duties of director.

The director of the department of education shall do all of the following:

1. Develop and submit to the state board for approval the multiyear state plan developed in accordance with federal laws and regulations governing career and technical education.

2. Provide for making studies and investigations relating to career and technical education.

3. Promote and aid in the establishment of career and technical education programs in local communities, school districts, and community colleges.

4. Cooperate with local communities, school districts, and community colleges in the maintenance of career and technical education programs.

5. Make recommendations to the board of educational examiners relating to the enforcement of rules prescribing standards for teachers of career and technical education service areas.

6. Cooperate in the maintenance of practitioner preparation schools, departments, and classes, supported and controlled by the public, for the training of career and technical education teachers and supervisors.

7. Review and approve career and technical education programs to ensure that the programs meet standards adopted by the state board pursuant to [section 258.3A](#). The director shall annually review at least twenty percent of the approved career and technical programs as a basis for continuing approval to ensure that the programs meet board standards and are compatible with educational reform efforts, are capable of responding to technological change and innovation, and meet the educational needs of students and the employment community. The review shall include an assessment of the extent to which the competencies in the program are being mastered by the students enrolled, the costs are proportionate to educational benefits received, the career and technical education curriculum is articulated and integrated with other curricular offerings required of all students, the programs would permit students with career and technical education backgrounds to pursue other educational interests in a postsecondary institutional setting, and the programs remove barriers for both traditional and nontraditional students to access educational and employment opportunities.

8. Facilitate the process established by the state board for the implementation of a statewide system of regional career and technical education planning partnerships that utilize the services of local school districts, community colleges, sector partnerships, and other resources to assist local school districts in meeting career and technical education standards while avoiding unnecessary duplication of services. The director shall also review and approve regional planning partnerships and regional centers to ensure that the partnerships and centers meet the standards adopted by the state board pursuant to [section 258.3A, subsection 5](#).

9. Enforce rules adopted by the state board pursuant to [section 258.3A](#).

10. Notwithstanding the accreditation process contained in [section 256.11](#), permit school districts that provide a program which does not meet the standards for accreditation for career and technical education to cooperate with the regional career and technical education planning partnership and contract for an approved program under [this chapter](#) without losing accreditation. A school district that fails to cooperate with the regional career and technical education planning partnership and contract for an approved program shall, however, be subject to [section 256.11](#).

11. Prescribe standards and procedures for the approval of career academies as defined in [section 258.6](#).

[C24, 27, 31, 35, 39, §3840; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §258.4]

258.5 Reimbursement from federal and state moneys.

1. At the end of the fiscal year, an approved regional career and technical education planning partnership is eligible to receive, from federal and state funds, reimbursement for expenditures made during the fiscal year for purposes allowed under [section 258.14, subsection 6](#). If federal and state funds are not sufficient to make the reimbursement to the extent provided in [this section](#), the director shall prorate the respective amounts available to the regional career and technical education planning partnerships entitled to reimbursement.

2. The director may use federal funds to reimburse approved practitioner preparation schools, departments, or classes for the training of teachers of agriculture, food, and natural resources; arts, communications, and information systems; applied sciences, technology, engineering, and manufacturing; health sciences; human services; and business, finance, marketing, and management. The director may also use such funds to reimburse approved practitioner preparation schools, departments, or classes for the training of guidance counselors.

258.14 Regional career and technical education planning partnerships.

1. Regional career and technical education planning partnerships are established to assist school districts in providing an effective, efficient, and economical means of delivering high-quality secondary career and technical education programs. Regional career and technical education planning partnerships shall do all of the following:

a. Provide for the active participation of local school districts and community colleges in the delivery of career and technical education in the region.

b. Provide for the participation of representatives of business and industry and representatives of sector partnerships and community stakeholders.

c. Promote career and college readiness through thoughtful career guidance and purposeful academic and technical planning practices.

d. Promote high-quality, integrated career and technical education programming, including career academies, comprised of secondary exploratory and transitory coursework to prepare students for higher-level, specialized academic and technical training aligned with labor market needs.

e. Afford students the opportunity to access a spectrum of high-quality work-based learning experiences through collaboration with a work-based learning intermediary network.

f. Provide for increased and equitable access to high-quality career and technical education programs through the planning and development of a system of regional centers.

2. Regional career and technical education planning partnerships shall be established in accordance with [section 258.3A, subsection 5](#), to serve each community college and all of the school districts in the state no later than June 30, 2017.

3. A regional career and technical education planning partnership shall be responsible for the following activities:

a. Ensuring compliance with standards adopted by the state board under [section 258.3A, subsection 5](#), for regional career and technical education planning partnerships.

b. Developing a multiyear plan addressing the delivery of quality career and technical education programs by school districts in fulfillment of the requirements of [section 256.11, subsection 4](#), and [section 256.11, subsection 5](#), paragraph "h". The plan shall be updated annually.

c. Securing collaboration with secondary schools, postsecondary educational institutions, and employers to ensure the creation of high-quality career and technical education programming, including career academies, for students that aligns career guidance, twenty-first century career and technical education and academic curricula, and work-based learning opportunities that empower students to be successful learners and practitioners.

d. Reviewing career and technical education programs of school districts within the region based on standards adopted by the state board, and recommending to the department career and technical education programs for approval.

e. Coordinating and facilitating local advisory councils for career and technical education programs. As necessary, establishing regional advisory councils to serve in the same capacity as local advisory councils.

f. Planning for regional centers with the purpose of achieving equitable access to high-quality career and technical education programming and concurrent enrollment opportunities for all students. As a condition for approval, a regional center shall comply with standards adopted by the state board and shall consist of a minimum of four career academies. A regional center shall be compatible with development of a statewide system of regional centers serving all students. A regional center shall serve either of the following:

(1) A combined minimum of one hundred twenty students from no fewer than two school districts.

(2) A minimum of four school districts.

g. Meeting regularly.

4. The membership of each regional career and technical education planning partnership shall consist of stakeholders in a position to contribute to the development and successful

implementation of high-quality career and technical education programs and shall include but not be limited to the following:

- a. The superintendent of a school district within the regional planning partnership, or the superintendent's designee.
 - b. The president of a community college within the regional planning partnership, or the president's designee.
 - c. The chief administrator of an area education agency within the regional planning partnership, or the chief administrator's designee.
 - d. Representatives of a regional work-based learning intermediary network.
 - e. Representatives of regional economic and workforce entities including local workforce development boards established under [section 84A.4](#).
 - f. Representatives of business and industry, including representatives of regional industry sector partnerships established pursuant to [section 260H.7B](#).
 - g. Career and technical education teachers and faculty.
5. Convening the regional career and technical education planning partnership shall be the joint responsibility of the area education agency and community college located within the region. In convening the regional career and technical education planning partnership, the area education agency and the community college shall include stakeholders from each member district of the partnership.

6. A regional career and technical education partnership may use funds received from state and federal sources to convene, lead, and staff the regional career and technical education planning partnership, offer regional career and technical education professional development opportunities, coordinate and maintain a career guidance system pursuant to [section 279.61](#), and purchase equipment on behalf of school districts and community colleges participating in the regional career and technical education planning partnership.

258.15 Career academy.

1. A career academy may be established under an agreement between a single school district and a community college, or by multiple school districts and a community college organized into a regional career and technical education planning partnership pursuant to [section 258.14](#). A career academy established under [this section](#) shall be a career-oriented or occupation-oriented program of study that includes a minimum of two years of secondary education, which may fulfill the sequential unit requirement in one of the four service areas required under [section 256.11](#), [subsection 5](#), paragraph "h", is articulated with a postsecondary education program, and is approved by the director under [section 258.4](#). A career academy shall do all of the following:

- a. Utilize regional career and technical education planning partnerships outlined in [section 258.14](#) in an advisory capacity to inform the selection and design of the career academy and establishment of industry standards.

- b. Establish a program of study that meets all of the following criteria:

- (1) Is designed to meet industry standards and prepare students for success in postsecondary education and the workforce.

- (2) Integrates academic coursework, includes work-based learning, and utilizes the individual career and academic planning process established under [section 279.61](#).

- (3) Allows students enrolled in the academy an opportunity to continue on to an associate degree and, if applicable, a postsecondary baccalaureate degree program.

2. The state board, in consultation with the division of community colleges of the department, shall adopt rules setting minimum standards for the development and implementation of career academies under [this section](#) and ensuring compliance with the

federal Carl D. Perkins Career and Technical Education Improvement Act of 2006, 20 U.S.C. §2301 et seq., as amended.
