414.1 Building restrictions — powers granted — limitations.  
1. a. For the purpose of promoting the health, safety, morals, or the general welfare of the community or for the purpose of preserving historically significant areas of the community, any city is hereby empowered to regulate and restrict the height, number of stories, and size of buildings and other structures, the percentage of lot that may be occupied, the size of yards, courts, and other open spaces, the density of population, and the location and use of buildings, structures, and land for trade, industry, residence, or other purposes.

b. A city shall not, after January 1, 2018, adopt or enforce any regulation or restriction related to the occupancy of residential rental property that is based upon the existence of familial or nonfamilial relationships between the occupants of such rental property.

2. The city of Des Moines may, for the purpose of preserving the dominance of the dome of the state capitol building and the view of the state capitol building from prominent public viewing points, regulate and restrict the height and size of buildings and other structures in the city of Des Moines. Any regulations pertaining to such matters shall be made in accordance with a comprehensive plan and in consultation with the capitol planning commission.

414.2 Districts.
For any or all of said purposes the local legislative body, hereinafter referred to as the council, may divide the city into districts, including historical preservation districts but only as provided in section 303.34, of such number, shape, and area as may be deemed best suited to carry out the purposes of this chapter; and within such districts it may regulate and restrict the erection, construction, reconstruction, alteration, repair, or use of buildings, structures, or land. All such regulations and restrictions shall be uniform for each class or kind of buildings throughout each district, but the regulations in one district may differ from those in other districts.

Certification of zoning district ordinance, §380.11
414.3 Regulations and comprehensive plan — considerations and objectives — notice, adoption, distribution.

1. The regulations shall be made in accordance with a comprehensive plan and designed to preserve the availability of agricultural land; to consider the protection of soil from wind and water erosion; to encourage efficient urban development patterns; to lessen congestion in the street; to secure safety from fire, flood, panic, and other dangers; to promote health and the general welfare; to provide adequate light and air; to prevent the overcrowding of land; to avoid undue concentration of population; to promote the conservation of energy resources; to promote reasonable access to solar energy; and to facilitate the adequate provision of transportation, water, sewerage, schools, parks, and other public requirements. However, provisions of this section relating to the objectives of energy conservation and access to solar energy do not void any zoning regulation existing on July 1, 1981, or require zoning in a city that did not have zoning prior to July 1, 1981.

2. The regulations shall be made with reasonable consideration, among other things, as to the character of the area of the district and the peculiar suitability of such area for particular uses, and with a view to conserving the value of buildings and encouraging the most appropriate use of land throughout such city.

3. The regulations and comprehensive plan shall be made with consideration of the smart planning principles under section 18B.1 and may include the information specified in section 18B.2, subsection 2.

4. a. A comprehensive plan recommended for adoption by the zoning commission established under section 414.6, may be adopted by the council. The council may amend the proposed comprehensive plan prior to adoption. The council shall publish notice of the meeting at which the comprehensive plan will be considered for adoption. The notice shall be published as provided in section 362.3.

b. Following its adoption, copies of the comprehensive plan shall be sent or made available to the county in which the city is located, neighboring counties and cities, the council of governments or regional planning commission where the city is located, and public libraries within the city.

c. Following its adoption, a comprehensive plan may be amended by the council at any time.

414.4 Zoning regulations, district boundaries, amendments.

The council of the city shall provide for the manner in which the regulations and restrictions and the boundaries of the districts shall be determined, established, and enforced, and from time to time amended, supplemented, or changed. However, the regulation, restriction, or boundary shall not become effective until after a public hearing at which parties in interest and citizens shall have an opportunity to be heard. The notice of the time and place of the hearing shall be published as provided in section 362.3, except that at least seven days’ notice must be given and in no case shall the public hearing be held earlier than the next regularly scheduled city council meeting following the published notice.

414.5 Changes — protest.

The regulations, restrictions, and boundaries may, from time to time, be amended, supplemented, changed, modified, or repealed. Notwithstanding section 414.2, as a part of an ordinance changing land from one zoning district to another zoning district or an ordinance approving a site development plan, a council may impose conditions on a property owner which are in addition to existing regulations if the additional conditions have been agreed to in writing by the property owner before the public hearing required under this
section or any adjournment of the hearing. The conditions must be reasonable and imposed to satisfy public needs which are directly caused by the requested change. In case, however, of a written protest against a change or repeal which is filed with the city clerk and signed by the owners of twenty percent or more of the area of the lots included in the proposed change or repeal, or by the owners of twenty percent or more of the property which is located within two hundred feet of the exterior boundaries of the property for which the change or repeal is proposed, the change or repeal shall not become effective except by the favorable vote of at least three-fourths of all the members of the council. The protest, if filed, must be filed before or at the public hearing. The provisions of section 414.4 relative to public hearings and official notice apply equally to all changes or amendments.

[C24, 27, 31, 35, 39, §6456; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §414.5]

414.6 Zoning commission — powers and duties.

1. In order to avail itself of the powers conferred by this chapter, the council shall appoint a commission, to be known as the zoning commission, to recommend the boundaries of the various original districts and appropriate regulations and restrictions to be enforced therein. Where a city plan commission already exists, it may be appointed as the zoning commission. Such commission shall, with due diligence, prepare a preliminary report and hold public hearings thereon before submitting its final report; and such council shall not hold its public hearings or take action until it has received the final report of such commission. After the adoption of such regulations, restrictions, and boundaries of districts, the zoning commission may, from time to time, recommend to the council amendments, supplements, changes, or modifications.

An appeal stays all proceedings in furtherance of the action appealed from, unless the

a stay would in the officer's opinion cause imminent peril to life or property. In such case
proceedings shall not be stayed otherwise than by a restraining order which may be granted
by the board of adjustment or by a court of record on application on notice to the officer from
whom the appeal is taken and on due cause shown.

[C24, 27, 31, 35, 39, §6471; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §414.20]

414.21 Conflicting rules, ordinances, and statutes.
If the regulations made under this chapter require a greater width or size of yards, courts or other open spaces, or a lower height of building or less number of stories, or a greater percentage of lot to be left unoccupied, or impose other higher standards than are required in any other statute or local ordinance or regulation, the regulations made under this chapter govern. If any other statute or local ordinance or regulation requires a greater width or size of yards, courts or other open spaces, or a lower height of building or a less number of stories, or a greater percentage of lot to be left unoccupied, or impose other higher standards than are required by the regulations made under this chapter, the other statute or local ordinance or regulation governs. If a regulation proposed or made under this chapter relates to any structure, building, dam, obstruction, deposit or excavation in or on the flood plains of any river or stream, prior approval of the department of natural resources is required to establish, amend, supplement, change or modify the regulation or to grant any variation or exception from the regulation.

414.22 Zoning for family homes.
1. It is the intent of this section to assist in improving the quality of life of persons with a developmental disability or brain injury by integrating them into the mainstream of society by making available to them community residential opportunities in the residential areas of this state. In order to implement this intent, this section shall be liberally construed.
2. a. "Brain injury" means brain injury as defined in section 135.22.
b. "Developmental disability" means a disability of a person which has continued or can be expected to continue indefinitely and which is one of the following:
   (1) Attributable to an intellectual disability, cerebral palsy, epilepsy, or autism.
   (2) Attributable to any other condition found to be closely related to an intellectual
disability because the condition results in impairment of general intellectual functioning or adaptive behavior similar to that of persons with an intellectual disability or requires treatment and services similar to those required for the persons.

(3) Attributable to dyslexia resulting from a disability described in either subparagraph (1) or (2).

(4) Attributable to a mental or nervous disorder.
   
c. “Family home” means a community-based residential home which is licensed as a residential care facility under chapter 135C or as a child foster care facility under chapter 237 to provide room and board, personal care, habilitation services, and supervision in a family environment exclusively for not more than eight persons with a developmental disability or brain injury and any necessary support personnel. However, family home does not mean an individual foster care family home licensed under chapter 237.

d. “Permitted use” means a use by right which is authorized in all residential zoning districts.

e. “Residential” means regularly used by its occupants as a permanent place of abode, which is made one’s home as opposed to one’s place of business and which has housekeeping and cooking facilities for its occupants only.

3. Notwithstanding any provision of this chapter to the contrary, a city, city council, or city zoning commission shall consider a family home a residential use of property for the purposes of zoning and shall treat a family home as a permitted use in all residential zones or districts, including all single-family residential zones or districts, of the city. A city, city council, or city zoning commission shall not require that a family home, its owner, or operator obtain a conditional use permit, special use permit, special exception, or variance. However, new family homes owned and operated by public or private agencies shall be dispersed throughout the residential zones and districts and shall not be located within contiguous city block areas. Section 135C.23, subsection 2, shall apply to all residents of a family home.

4. Any restriction, reservation, condition, exception, or covenant in any subdivision plan, deed, or other instrument of or pertaining to the transfer, sale, lease, or use of property in a city which permits residential use of property but prohibits the use of property as a family home for persons with a developmental disability or brain injury, to the extent of the prohibition, is void as against the public policy of this state and shall not be given legal or equitable effect.

Referred to in §135C.9, 414.30, 414.31, 504C.1

414.23 Extending beyond city limits.

1. The powers granted by this chapter may be extended by ordinance by any city to the unincorporated area up to two miles beyond the limits of such city, except for those areas within a county where a county zoning ordinance exists. The ordinance shall describe in general terms the area to be included. The exemption from regulation granted by section 335.2 to property used for agricultural purposes shall apply to such unincorporated area. If the limits of any such city are at any place less than four miles distant from the limits of any other city which has extended or thereafter extends its zoning jurisdiction under this section; then at such time the powers herein granted shall extend to a line equidistant between the limits of said cities.

2. A municipality, during the time its zoning jurisdiction is extended under this section, shall increase the size of its planning and zoning commission and its board of adjustment each by two members. The planning and zoning commission shall include a member of the board of supervisors of the affected county, or the board’s designee, and a resident of the area outside the city limits over which the zoning jurisdiction is extended. The board’s designee, if any, shall be a resident of the county in which such extended area is located. The additional members of the board of adjustment shall be residents of the area outside the city limits over which the zoning jurisdiction is extended. The county supervisor, or the board’s designee, and the residents shall be appointed by the board of supervisors of the county in which such extended area is located. The county supervisor, or the board’s designee, and the
residents shall serve for the same terms of office and have the same rights, privileges, and duties as other members of each of the bodies. However, if the extended zoning jurisdiction of a municipality extends into an adjacent county without a county zoning ordinance, the boards of supervisors of the affected counties, jointly, shall appoint one of their members, or a designee, to the planning and zoning commission.

3. Property owners affected by such zoning regulations shall have the same rights of hearing, protest, and appeal as those within the municipality exercising this power.

4. Whenever a county in which this power is being exercised by a municipality adopts a county zoning ordinance, the power exercised by the municipality and the specific regulations and districts thereunder shall be terminated within three months of the establishment of the administrative authority for county zoning, or at such date as mutually agreed upon by the municipality and county.

2. In the ordinance designating and establishing a restricted residence district, the city may establish reasonable rules for the use and occupancy of buildings of all kinds within the district, and provide that no building or other structure, except residences, schoolhouses, churches and other similar structures, shall be erected, altered, repaired or occupied without first securing from the city council a permit to be issued under reasonable rules as may be provided in the ordinance. An ordinance and rules passed under this section shall not conflict with applicable building and housing codes.

414.26 and 414.27  Reserved.

414.28 Manufactured home.
A city shall not adopt or enforce zoning regulations or other ordinances which disallow
the plans and specifications of a proposed residential structure solely because the proposed
structure is a manufactured home. However, a zoning ordinance or regulation shall require
that a manufactured home be located and installed according to the same standards, including
but not limited to, a permanent foundation system, set-back, and minimum square footage
which would apply to a site-built, single family dwelling on the same lot, and shall require
that the home is assessed and taxed as a site-built dwelling. A zoning ordinance or other
regulation shall not require a perimeter foundation system for a manufactured home which is
incompatible with the structural design of the manufactured home structure. A city shall not
require more than one permanent foundation system for a manufactured home. For purposes
of this section, a permanent foundation may be a pier footing foundation system designed and
constructed to be compatible with the structure and the conditions of the site. When units
are located outside a manufactured home community or mobile home park, requirements
may be imposed which ensure visual compatibility of the permanent foundation system with
surrounding residential structures. As used in this section, “manufactured home” means a
factory-built structure, which is manufactured or constructed under the authority of 42 U.S.C.
§5403 and is to be used as a place for human habitation, but which is not constructed or
equipped with a permanent hitch or other device allowing it to be moved other than for the
purpose of moving to a permanent site, and which does not have permanently attached to
its body or frame any wheels or axles. This section shall not be construed as abrogating a
recorded restrictive covenant.

A city shall not adopt or enforce construction, building, or design ordinances, regulations,
requirements, or restrictions which would mandate width standards greater than twenty-four
feet, roof pitch, or other design standards for manufactured housing if the housing otherwise
complies with 42 U.S.C. §5403. However, this paragraph shall not prohibit a city from
adopting and enforcing zoning regulations related to transportation, water, sewerage, or
other land development.

414.28A Land-leased communities.
A city shall not adopt or enforce zoning or subdivision regulations or other ordinances
which disallow or make infeasible the plans and specifications of land-leased communities
because the housing within the land-leased community will be manufactured housing.

“Land-leased community” means any site, lot, field, or tract of land under common
ownership upon which ten or more occupied manufactured homes are harbored, either free
of charge or for revenue purposes, and shall include any building, structure, or enclosure
used or intended for use as part of the equipment of the land-leased community. The
term “land-leased community” shall not be construed to include homes, buildings, or other
structures temporarily maintained by any individual, educational institution, or company
on their own premises and used exclusively to house their own labor or students. A
manufactured home located in a land-leased community shall be taxed under section 435.22
as if the manufactured home were located in a mobile home park.

§414.32 Home and community-based services waiver recipient residence.
1. A city, city council, or city zoning commission shall consider the residence of the recipient of services under a home and community-based services waiver as a residential use of property for the purposes of zoning and shall treat the use of the residence as a permitted use in all residential zones or districts, including all single-family residential zones or districts, of the city.
2. A city, city council, or city zoning commission shall not require that the recipient, or owner of such residence if other than the recipient, obtain a conditional use permit, special use permit, special exception, or variance. A city, city council, or city zoning commission shall not establish limitations regarding the proximity of one such residence to another.
3. This section applies to the residence of a recipient of services under a home and community-based services waiver if the residence meets any of the following conditions:
   a. The residence is a single-family dwelling owned or rented by the recipient.
   b. The residence is a multifamily dwelling which does not hold itself out to the public as a community-based residential provider otherwise regulated by law, including but not limited to a residential care facility, and which provides dwelling units to no more than four recipients of services under a home and community-based services waiver at any one time.
4. For the purposes of this section, “home and community-based services waiver” means “waiver” as defined in section 249A.29.
