The annual contribution in excess of the employer and employee contributions required by this chapter shall be paid by the employer and the employee in the same proportion that employer and employee contributions are made under section 97B.11. The additional percentage of covered wages shall be calculated separately by the system for service under paragraph “a”, subparagraphs (1) and (2), and for service under paragraph “a”, subparagraph (3), and each shall be an actuarially determined amount for that type of service which, if contributed throughout the entire period of active service, would be sufficient to provide the pension benefit provided in this subsection.
