390.11 Electric power agency — authority — conflicting provisions.

1. In addition to any powers conferred upon an electric power agency under chapter 28F or other applicable law, an electric power agency may exercise all other powers reasonably necessary or appropriate for or incidental to the effectuation of the electric power agency's authorized purposes, including without limitation the powers enumerated in chapters 6A and 6B for purposes of constructing or acquiring an electric power facility.

2. An electric power agency, in connection with its property and affairs, and in connection with property within its control, may exercise any and all powers that might be exercised by a natural person or a private corporation in connection with similar property and affairs.

3. The enumeration of specified powers and functions of an electric power agency in this subchapter is not a limitation of the powers of an electric power agency, but the procedures prescribed for exercising the powers and functions enumerated in this subchapter control and govern in the event of any conflict with any other provision of law.

4. The authority conferred pursuant to this subchapter applies to electric power agencies, notwithstanding any contrary provisions of section 28F.1.
