1. The board may provide information from the program to the following:

a. (1) A pharmacist or prescribing practitioner who requests the information and certifies in a form specified by the board that it is for the purpose of providing medical or pharmaceutical care to a patient of the pharmacist or prescribing practitioner. A pharmacist or a prescribing practitioner may delegate program information access to another authorized individual or agent only if that individual or agent registers for program information access, pursuant to board rules, as an agent of the pharmacist or prescribing practitioner. Board rules shall identify the qualifications for a pharmacist's or prescribing practitioner's agent and shall limit the number of agents to whom each pharmacist or prescribing practitioner may delegate program information access.

(2) Notwithstanding subparagraph (1), a prescribing practitioner may delegate program information access to another licensed health care professional in emergency situations where the patient would be placed in greater jeopardy if the prescribing practitioner was required to access the information personally.

2. The board shall maintain a record of each person that requests information from the program and of all proactive notifications distributed to prescribing practitioners and dispensing pharmacists as provided in [subsection 1](#), paragraph "g". Pursuant to rules adopted by the board under [section 124.554](#), the board may use the records to document and report statistical information, and may provide program information for statistical, public research, public policy, or educational purposes, after removing personal identifying information of a patient, prescribing practitioner, dispenser, or other person who is identified in the information.

Information contained in the program and any information obtained from it, and information contained in the records of requests for information from the program and information distributed to prescribing practitioners and dispensing pharmacists as provided in [subsection 1](#), paragraph "g", is privileged and strictly confidential information. Such information is a confidential public record pursuant to [section 22.7](#), and is not subject to discovery, subpoena, or other means of legal compulsion for release except as provided in [this subchapter](#). Information from the program shall not be released, shared with an agency or institution, or made public except as provided in [this subchapter](#).

4. A pharmacist or other dispenser making a report to the program reasonably and in good faith pursuant to [this subchapter](#) is immune from any liability, civil, criminal, or administrative, which might otherwise be incurred or imposed as a result of the report.

5. Nothing in [this section](#) shall require a pharmacist or prescribing practitioner to obtain information about a patient from the program. A pharmacist or prescribing practitioner does

not have a duty and shall not be held liable in damages to any person in any civil or derivative criminal or administrative action for injury, death, or loss to person or property on the basis that the pharmacist or prescribing practitioner did or did not seek or obtain or use information from the program. A fee charged pursuant to [this subsection](#) shall not exceed the actual cost of providing the requested information and shall be considered a repayment receipt as defined in [section 8.2](#).

7. The board may enter into an agreement with a prescription database or monitoring program operated in any state for the mutual exchange of information.
