

**261A.34 Definitions.**

As used in [this subchapter](#), unless the context otherwise requires:

1. “Cost” as applied to a project or any portion of a project financed under [this subchapter](#) means all or a part of the cost of construction and acquisition of land, buildings, or structures, including the cost of machinery and equipment; finance charges; interest prior to, during, and after completion of the construction for a reasonable period as determined by the authority; reserves for principal and interest; extensions, enlargements, additions, replacements, renovations, and improvements; improvements, replacements, and renovations for energy conservation and other purposes; engineering, financial, and legal services; plans, specifications, studies, surveys, estimates of cost of revenue, administrative expenses, expenses necessary or incidental to determining the feasibility or practicability of constructing the project; and such other expenses as the authority determines may be necessary or incidental to the construction and acquisition of the project, the financing of the construction and acquisition, and the placing of the project in operation.

2. “Obligation” means an obligation issued by the authority under [this subchapter](#).

3. “Project” means any property located within the state, constructed or acquired before or after July 1, 1985, that may be used or will be useful in connection with the instruction, feeding, or recreation of students, the conducting of research, administration, or other work of an institution, or any combination of the foregoing. “Project” includes but is not limited to any academic facility, administrative facility, assembly hall, athletic facility, instructional facility, laboratory, library, maintenance facility, student health facility, recreational facility, research facility, student union, or other facility suitable for the use of an institution. “Project” also means the refunding or refinancing of outstanding obligations, mortgages, or advances, including advances from an endowment or similar fund, originally issued, made, or given by the institution to finance the cost of a project. “Project” also includes a project that is to be leased to an institution.

4. “Property” means the real estate upon which a project is or will be located, including equipment, machinery, and other similar items necessary or convenient for the operation of the project in the manner for which its use is intended, but not including such items as fuel, supplies, or other items that are customarily deemed to result in a current operation charge. Property does not include property used or to be used primarily for sectarian instruction or study, or as a place for devotional activities or religious worship, or any property which is used or to be used primarily in connection with any part of the program of a school or department of divinity for any religious denomination or the training of ministers, priests, rabbis, or other professional persons in the field of religion.
