## 284A.1 Administrator quality program.

An administrator quality program is established to promote high student achievement and enhanced educator quality. The program shall consist of the following three major components:

- 1. Mentoring and induction programs that provide support for administrators in accordance with section 284A.5.

  - Professional development designed to directly support best practices for leadership.
    Evaluation of administrators against the Iowa standards for school administrators. 2007 Acts, ch 108, §54
