

261E.7 Postsecondary enrollment options program payments — claims — reimbursements.

1. Not later than June 30 of each year, a school district shall pay a tuition reimbursement amount to a postsecondary institution that has enrolled its resident eligible students under [this chapter](#), unless the eligible student is participating in open enrollment under [section 282.18](#), in which case, the tuition reimbursement amount shall be paid by the receiving district. However, if a child's residency changes during a school year, the tuition shall be paid by the district in which the child was enrolled as of the date specified in [section 257.6, subsection 1](#), or the district in which the child was counted under [section 257.6, subsection 1](#), paragraph "a", subparagraph (6). For students enrolled at the Iowa school for the deaf and the Iowa braille and sight saving school, the state board of regents shall pay a tuition reimbursement amount by June 30 of each year. The amount of tuition reimbursement for each separate course shall equal the lesser of:

a. The actual and customary costs of tuition, textbooks, materials, and fees directly related to the course taken by the eligible student.

b. Two hundred fifty dollars.

2. An eligible postsecondary institution that enrolls an eligible student under [this section](#) shall not charge that student for tuition, textbooks, materials, or fees directly related to the course in which the student is enrolled except that the student may be required to purchase equipment that becomes the property of the student. For the purposes of [this subsection](#), equipment shall not include textbooks. However, if the student fails to complete and receive credit for the course, the student is responsible for all district costs directly related to the course as provided in [subsection 1](#) and shall reimburse the school district for its costs. If the student is under eighteen years of age, the student's parent or legal guardian shall sign the student registration form indicating that the parent or legal guardian is responsible for all costs directly related to the course if the student fails to complete and receive credit for the course. If documentation is submitted to the school district that verifies the student was unable to complete the course for reasons including but not limited to the student's physical incapacity, a death in the student's immediate family, or the student's move to another school district, that verification shall constitute a waiver to the requirement that the student or parent or legal guardian pay the costs of the course to the school district.

3. An eligible postsecondary institution shall make pro rata adjustments to tuition reimbursement amounts based upon federal guidelines established pursuant to 20 U.S.C. §1091b.
