Referred to in [§53.49](#)

53.2 Application for ballot.

1. a. Any registered voter, under the circumstances specified in [section 53.1](#), may on any day, except election day, and not more than seventy days prior to the date of the election, apply in person for an absentee ballot at the commissioner's office or at any location designated by the commissioner. However, for those elections in which the commissioner directs the polls be opened at noon pursuant to [section 49.73](#), a voter may apply in person for an absentee ballot at the commissioner's office from 8:00 a.m. until 11:00 a.m. on election day.

b. A registered voter may make written application to the commissioner for an absentee ballot. A written application for an absentee ballot must be received by the commissioner no later than 5:00 p.m. on the same day as the voter registration deadline provided in [section 48A.9](#) for the election for which the ballot is requested, except when the absentee ballot is requested and voted at the commissioner's office pursuant to [section 53.10](#). A written application for an absentee ballot delivered to the commissioner and received by the commissioner more than seventy days prior to the date of the election shall be returned to the voter with a notification of the date when the applications will be accepted.

c. The commissioner may send an absentee ballot application to a registered voter at the request of the registered voter. The commissioner shall not send an absentee ballot application to a person who has not submitted such a request.

d. In the event of a public health disaster declared by the governor pursuant to [section 29C.6](#), the general assembly may by resolution direct the state commissioner to send an absentee ballot application to each registered voter prior to a primary or general election held in an even-numbered year. If the general assembly is not in session, the legislative council may so direct the state commissioner by a majority vote.

2. a. The state commissioner shall prescribe a form for absentee ballot applications. However, if a registered voter submits an application on a sheet of paper no smaller than three by five inches in size that includes all of the information required in [this section](#), the prescribed form is not required.

b. Absentee ballot applications may include instructions to send the application directly to the county commissioner of elections. However, no absentee ballot application shall be preaddressed or printed with instructions to send the applications to anyone other than the appropriate commissioner.

c. No absentee ballot application shall be preaddressed or printed with instructions to send the ballot to anyone other than the voter.

d. No absentee ballot application shall be provided to a registered voter with any field prefilled, except that the absentee ballot application may have the fields for the type and date of the election prefilled.

3. [This section](#) does not require that a written communication mailed to the commissioner's office to request an absentee ballot, or any other document be notarized as a prerequisite to receiving or marking an absentee ballot or returning to the commissioner an absentee ballot which has been voted.

4. a. To request an absentee ballot, a registered voter shall provide:

(1) The name and signature of the registered voter and the date on which the request was signed.

(2) The registered voter's date of birth.

(3) The address at which the voter is registered to vote.

(4) The registered voter's voter verification number.

(5) The name or date of the election for which the absentee ballot is requested.

(6) Such other information as may be necessary to determine the correct absentee ballot for the registered voter.

b. If insufficient information has been provided, including the absence of a voter verification number, either on the prescribed form or on an application created by the applicant, the commissioner shall, within twenty-four hours after the receipt of the absentee ballot request, contact the applicant by telephone and electronic mail, if such information has been provided by the applicant. If the commissioner is unable to contact the applicant by telephone or electronic mail, the commissioner shall send a notice to the applicant at the address where the applicant is registered to vote, or to the applicant's mailing address if it is different from the residential address. If the applicant has requested the ballot to be sent to an address that is not the applicant's residential or mailing address, the commissioner shall send an additional notice to the address where the applicant requested the ballot to be sent. A commissioner shall not use the voter registration system to obtain additional necessary information. A voter requesting or casting a ballot pursuant to [section 53.22](#) shall not be required to provide a voter verification number.

c. For purposes of [this subsection](#), "voter verification number" means the registered voter's driver's license number or nonoperator's identification card number assigned to the voter by the department of transportation or the registered voter's identification number assigned to the voter by the state commissioner pursuant to [section 47.7, subsection 2](#).

d. If an applicant does not have current access to the applicant's voter verification number, the commissioner shall verify the applicant's identity prior to supplying the voter verification number by asking the applicant to provide at least two of the following facts about the applicant:

(1) Date of birth.

(2) The last four digits of the applicant's social security number, if applicable.

(3) Residential address.

(4) Mailing address.

(5) Middle name.

(6) Voter verification number as defined in paragraph "c".

5. The commissioner may dispute an application if it appears to the commissioner that the signature on the application has been signed by someone other than the registered voter, in comparing the signature on the application to the signature on record of the registered voter named on the application. If the commissioner disputes a registered voter's application under [this subsection](#), the commissioner shall notify the registered voter and the registered voter may submit a new application and signature or update the registered voter's signature on record, as provided by rule adopted by the state commissioner.

6. An application for a primary election ballot which specifies a party different from that recorded on the registered voter's voter registration record, or if the voter's voter registration record does not indicate a party affiliation, shall be accepted as a change or declaration of party affiliation. The commissioner shall approve the change or declaration and enter a notation of the change on the registration records at the time the absentee ballot request is noted on the voter's registration record. A notice shall be sent with the ballot requested informing the voter that the voter's registration record will be changed to show that the voter is now affiliated with the party whose ballot the voter requested. If an application for a primary election ballot does not specify a party and the voter registration record of the voter from whom the application is received shows that the voter is affiliated with a party, the voter shall be mailed the ballot of the party indicated on the voter's registration record.

7. If an application for an absentee ballot is received from an eligible elector who is not a registered voter the commissioner shall send the eligible elector a voter registration form and another absentee ballot application form. If the application is received after the

time registration closes pursuant to [section 48A.9](#) but by 5:00 p.m. on the Saturday before the election for general elections or by 5:00 p.m. on the Friday before the election for all other elections, the commissioner shall notify the applicant by mail of the election day and in-person absentee registration provisions of [section 48A.7A](#). In addition to notification by mail, the commissioner shall also attempt to contact the applicant by any other method available to the commissioner.

8. A registered voter who has not moved from the county in which the elector is registered to vote may submit a change of name, telephone number, or address on the absentee ballot application form when requesting an absentee ballot. The commissioner may also update a voter's identification number, as described in [section 48A.11, subsection 1](#), paragraph "e", if an identification number is provided on an absentee ballot application. Upon receipt of a properly completed form, the commissioner shall enter a notation of the change on the registration records.

9. An application for an absentee ballot that is returned to the commissioner by a person acting as an actual or implied agent for a political party, as defined in [section 43.2](#), or by a candidate or committee, both as defined by [chapter 68A](#), shall be returned to the commissioner within seventy-two hours of the time the completed application was received from the applicant or no later than 5:00 p.m. on the same day as the deadline under [subsection 1](#), paragraph "b", whichever is earlier. An application received by a person acting as an actual or implied agent of a political party after the deadline but before the date of the election shall be returned to the commissioner within twenty-four hours.

10. A registered voter who is a program participant under [section 9E.6](#) may register to vote as an absentee voter with the state commissioner of elections pursuant to [section 9E.6, subsection 2](#).

At least seven days before the date that absentee ballots will be available at a satellite absentee voting station, the commissioner shall notify the county chairperson of each political party of the date, time, and place that the satellite absentee voting station will be in operation in the county, so that the chairpersons may appoint observers to be present at the station during the hours absentee ballots are available. No more than two observers from each political party shall be present at any one satellite absentee voting station.

6. The commissioner shall remove or obscure from the view of voters any published material displaying the name of a candidate or elected official other than a ballot or sample ballot or envelope.

If the commissioner mailed the ballot pursuant to [section 53.8, subsection 1](#), paragraph “a”, subparagraph (1), the sealed envelope bearing the voter’s affidavit and containing the absentee ballot shall be enclosed in a return envelope which shall be securely sealed. If the commissioner mailed the ballot pursuant to [section 53.8, subsection 1](#), paragraph “a”, subparagraph (2), the absentee ballot shall be enclosed in the return envelope which shall be securely sealed. The sealed return envelope shall be returned to the commissioner by one of the following methods:

a. The sealed return envelope may be delivered by the registered voter, by the voter’s designee, or by the special precinct election officials designated pursuant to [section 53.22, subsection 2](#), to the commissioner’s office no later than the time the polls are closed on election day. However, if delivered by the voter’s designee, the envelope shall be delivered within seventy-two hours of retrieving it from the voter or before the closing of the polls on election day, whichever is earlier.

b. The sealed return envelope may be mailed to the commissioner by the registered voter or by the voter’s designee. If mailed by the voter’s designee, the envelope must be mailed within seventy-two hours of retrieving it from the voter.

c. The sealed return envelope may be delivered by a person not prohibited to collect and deliver a completed ballot pursuant to [section 53.33](#) to a ballot drop box established by the commissioner no later than the time the polls are closed on election day. However, if delivered by the voter’s designee, the envelope shall be delivered within seventy-two hours of retrieving it from the voter or before the closing of the polls on election day, whichever is earlier. A commissioner is not required to establish a ballot drop box. A ballot drop box must meet all of the following requirements:

(1) A commissioner shall not establish more than one ballot drop box, which shall be located at the office of the commissioner, or on property owned and maintained by the county that directly surrounds the building where the office is located. For the purposes of this subparagraph, “*office of the commissioner*” means a location where a voter may receive services pursuant to [section 48A.17, 50.20, 53.10, or 53.18](#).

(2) The ballot drop box shall not be used for any purpose other than the collection of absentee ballots.

(3) The commissioner shall implement all reasonable and necessary measures to ensure that the ballot drop box is accessible and secure. Security measures may include placing the ballot drop box in a place regularly viewed by the commissioner or the commissioner’s staff.

(4) A video surveillance system shall be used to monitor all activity at the ballot drop box at all times while the ballot drop box is in place. The system shall create a recording, which shall be reviewed by the state commissioner, county attorney, and law enforcement in the event that misconduct occurs.

(5) A ballot drop box shall be available no sooner than the time that absentee ballots are allowed to be mailed pursuant to [section 53.8](#). The ballot drop box shall be removed or restricted from accepting deliveries immediately upon the closure of polls on election day.

(6) While available, a ballot drop box shall be securely fastened to a stationary surface or an immovable object.

(7) The ballot drop box shall be secured by a lock and shall include a tamper-evident seal. Only the commissioner or an employee of the commissioner shall have access to the means to unfasten the lock.

(8) Materials delivered to the ballot drop box shall be retrieved in an expeditious manner, but no less often than four times per day.

(9) The commissioner shall maintain a log of each time materials are retrieved from the ballot drop box, including the date and time materials were retrieved, and the name of the person who retrieved the materials. The commissioner or the commissioner’s employee shall record on the ballot, near the portion of the envelope including the affidavit signed by the voter, that the materials were retrieved from a drop box, the date and time of the retrieval, and the initials of the person who retrieved the materials.

(10) A ballot retrieved from a ballot drop box shall be processed in the same manner as a ballot returned pursuant to paragraph “a”.

2. In order for the ballot to be counted, the return envelope must be received in the commissioner’s office before the polls close on election day.

3. If the law authorizing the election specifies that the supervisors canvass the votes earlier than the Monday following the election, absentee ballots returned through the mail must be received not later than the time established for the canvass by the board of supervisors for that election. The commissioner shall contact the post office serving the commissioner’s office at the latest practicable hour before the canvass by the board of supervisors for that election, and shall arrange for absentee ballots received in that post office but not yet delivered to the commissioner’s office to be brought to the commissioner’s office before the canvass for that election by the board of supervisors.

4. When a person designated by the voter retrieves a completed absentee ballot from the voter, the designee shall, upon request of the voter, fill out a receipt to be retained by the voter. The state commissioner shall prescribe a form for receipts required by [this subsection](#). The receipt shall include all of the following:

- b. The date and time the completed absentee ballot was received from the voter.
- c. The name and date of the election for which the absentee ballot is being voted.
- d. The name of the political party, candidate, or committee for which the designee is acting as an actual or implied agent, if applicable.
- e. A telephone number at which the voter’s designee may be contacted.
- f. A statement that the completed absentee ballot will be delivered to the commissioner’s office within seventy-two hours of retrieving it from the voter or before the closing of the polls on election day, whichever is earlier, or that the completed absentee ballot will be mailed to the commissioner within seventy-two hours of retrieving it from the voter.

5. For the purposes of [this section](#), “voter’s designee” means a person not prohibited to collect and deliver a completed ballot pursuant to [section 53.33](#).

53.17A Absentee ballot tracking.

1. For the purposes of [this chapter](#):

a. “Postal service barcode” means a barcode purchased by the sender and supplied by the United States postal service that is used to sort and track letters and flat packages and is printed on an absentee ballot return envelope at the direction of the commissioner before the envelope is sent to the voter.

b. “Tracking information database” means a database administered by the United States postal service that is accessible to the commissioner and contains information regarding letters or flat packages.

2. The state commissioner shall adopt rules regarding the statewide implementation of a postal service barcode and tracking information database, including procedures to be followed when usage of a postal service barcode or the tracking information database is negatively impacted. Each commissioner shall use a postal service barcode and tracking information database consistent with rules of the state commissioner. Every commissioner shall send notice to the state commissioner and implement the use of a postal service barcode and tracking information database prior to October 1, 2020.

3. a. An absentee ballot received after the polls close on election day but prior to the official canvass shall be counted if the commissioner determines that the ballot entered the federal mail system by the deadline specified in [section 53.17](#) or [53.22](#). The date of entry of such an absentee ballot into the federal mail system shall only be verified as provided in paragraph “b”.

b. (1) If the postmark indicates that the absentee ballot entered the federal mail system by the deadline specified in [section 53.17](#) or [53.22](#), the ballot shall be included for canvass by the absentee and special voters precinct board.

(2) If the postmark is illegible, missing, or dated on or after election day, the commissioner shall attempt to verify the ballot’s date of entry into the federal mail system by querying the postal service barcode in the tracking information database. If the tracking information database indicates that the absentee ballot entered the federal mail system by the deadline specified in [section 53.17](#) or [53.22](#), the ballot shall be included for canvass by the absentee and special voters precinct board. The commissioner shall provide a report to the absentee and special voters precinct board regarding the information available in the tracking information database.

(3) If there is a discrepancy between the date indicated by the postmark and the postal service barcode, the earlier of the two shall determine the date of entry of the absentee ballot into the federal mail system.

(4) (a) If neither the postmark nor the postal service barcode indicates that the absentee ballot entered the federal mail system by the deadline specified in [section 53.17](#) or [53.22](#), the absentee ballot shall be sent to the absentee and special voters precinct board pursuant to subparagraph division (b) with the numeric value assigned to the postal service barcode and a full report from the tracking information database.

(b) Up to five absentee and special voters precinct board members from each political party for partisan elections, or any two members of the board for nonpartisan elections, shall review the postal service barcode and tracking database information report of each absentee ballot submitted pursuant to subparagraph division (a) and certify that the tracking information database report corresponds to the absentee ballot by initialing the report and the absentee ballot envelope. If the board concludes that the postal service barcode and tracking information database report verify that the absentee ballot entered the federal mail system by the deadline specified in [section 53.17](#) or [53.22](#), the ballot shall be counted. Otherwise, the ballot shall not be counted.

4. The state commissioner shall by February 26, 2024, include on the state commissioner’s internet site an application through which a voter can track the voter’s absentee ballot request form and absentee ballot. The application shall provide all of the following information:

a. Whether the voter returned a ballot in person, by mail, or by voting in person at a satellite location.

b. The date the absentee ballot request form was received by the county commissioner.

c. The date the absentee ballot was mailed or given to the voter.

d. The date the absentee ballot was received by the county commissioner.

e. The date the county commissioner opened the outer envelope.

f. Whether there is a problem with the absentee ballot request form or absentee ballot that requires correction by the voter, along with instructions for the voter to contact the county commissioner as soon as possible to resolve the issue.

53.18 Manner of preserving ballot and application — review of affidavit — replacement ballots.

1. When the return envelope containing the completed absentee ballot is received by the commissioner, the commissioner shall at once record receipt of such ballot. Absentee ballots shall be stored in a secure place until they are delivered to the absentee and special voters precinct board.

2. If the commissioner receives the return envelope containing the completed absentee ballot by 5:00 p.m. on the Saturday before the election for general elections and by 5:00 p.m. on the Friday before the election for all other elections, the commissioner shall review the affidavit marked on the return envelope, if applicable, for completeness or shall open the return envelope to review the affidavit for completeness. If the affidavit lacks the signature of the registered voter, the commissioner shall, within twenty-four hours of the receipt of the envelope, notify the voter of the deficiency and inform the voter that the voter may vote a replacement ballot as provided in [subsection 3](#), cast a ballot as provided in [section 53.19, subsection 3](#), or complete the affidavit in person at the office of the commissioner not later than the time polls close on election day.

3. If the affidavit envelope or the return envelope marked with the affidavit contains a defect that would cause the absentee ballot to be rejected by the absentee and special voters precinct board, the commissioner shall immediately notify the voter of that fact and that the voter's absentee ballot shall not be counted unless the voter requests and returns a replacement ballot in the time permitted under [section 53.17, subsection 2](#). For the purposes of [this section](#), a return envelope marked with the affidavit shall be considered to contain a defect if it appears to the commissioner that the signature on the envelope has been signed by someone other than the registered voter, in comparing the signature on the envelope to the signature on record of the registered voter named on the envelope. A signature or marking made in accordance with [section 39.3, subsection 17](#), shall not be considered a defect for purposes of [this section](#). The voter may request a replacement ballot in person, in writing, or over the telephone. The same serial number that was assigned to the records of the original absentee ballot application shall be used on the envelope and records of the replacement ballot. The envelope marked with the affidavit and containing the completed replacement ballot shall be marked "Replacement ballot". The envelope marked with the affidavit and containing the original ballot shall be marked "Defective" and the replacement ballot shall be attached to such envelope containing the original ballot and shall be stored in a secure place until they are delivered to the absentee and special voters precinct board, notwithstanding [sections 53.26 and 53.27](#).

4. For the purposes of [this section](#), a return envelope marked with the affidavit shall be considered incomplete if the affidavit lacks the registered voter's signature. A signature or marking made in accordance with [section 39.3, subsection 17](#), shall not cause an affidavit to be considered incomplete.

5. The state commissioner of elections shall adopt rules for implementation of [this section](#).

1. There is established in each county a special precinct to be known as the absentee ballot and special voters precinct. Its jurisdiction shall be conterminous with the borders of the county, for the purposes specified by [sections 53.22](#) and [53.23](#), and the requirement that precincts not cross the boundaries of legislative districts shall not be applicable to it. The commissioner shall draw up an election board panel for the special precinct in the manner prescribed by [section 49.15](#), having due regard for the nature and extent of the duties required of members of the election board and the election officers to be appointed from the panel, including, if directed by the commissioner, the tallying and recording of write-in votes.

For all other elections, the commissioner may report the results of the special precinct by the resident precincts of the voters who cast absentee and provisional ballots, or may report the absentee results as a single precinct.

b. For the general election and for any election in which the commissioner determines in advance of the election to report the results of the special precinct by the resident precincts of the voters who cast absentee and provisional ballots, the commissioner shall prepare a separate absentee ballot style for each precinct in the county and shall program the voting system to produce reports by the resident precincts of the voters.

3. a. A voter who spoils an absentee ballot may return it to the commissioner. The outside of the return envelope shall be marked “SPOILED BALLOT”. The commissioner shall replace the ballot in the manner provided in [this section](#) for lost ballots.

b. An absentee ballot returned to the commissioner without a designation that the ballot was spoiled shall not be replaced.

53.22 Balloting by confined persons.

1. For purposes of [this section](#), “assisted living program” means a program certified pursuant to [section 231C.3](#) that meets the standards for a dementia-specific assisted living program, as established by rule by the department of inspections and appeals.

2. a. (1) A registered voter who has applied for an absentee ballot, in a manner other than that prescribed by [section 53.10](#) or [53.11](#), and who is a resident, tenant, or patient in a health care facility, assisted living program, or hospital located in the county to which the application has been submitted shall be delivered the appropriate absentee ballot by two special precinct election officers, one of whom shall be a member of each of the political parties referred to in [section 49.13](#), who shall be appointed by the commissioner from the election board panel for the special precinct established by [section 53.20](#). The special precinct election officers shall be sworn in the manner provided by [section 49.75](#) for election board members, shall receive compensation as provided in [section 49.20](#), and shall perform their duties during the ten calendar days after the ballots are printed if the commissioner so elects, during the fourteen calendar days preceding the election, and on election day if all ballots requested under [section 53.8, subsection 3](#), have not previously been delivered and returned.

(2) If materials are prepared for the two special precinct election officials, a list shall be made of all voters to whom ballots are to be delivered. The list shall be sent with the officials who deliver the ballots and shall include spaces to indicate whether the person was present at the hospital, assisted living program, or health care facility when the officials arrived, whether the person requested assistance from the officials, whether the person was assisted by another person of the voter’s choice, the time that the ballot was returned to the officials, and any other notes the officials deem necessary.

(3) The officials shall also be issued a supply of extra ballots to replace spoiled ballots. Receipts shall be issued in substantially the same form as receipts issued to precinct election officials pursuant to [section 49.65](#). All ballots shall be accounted for and shall be returned to the commissioner. Separate envelopes shall be provided for the return of spoiled ballots and unused ballots.

b. If an applicant under [this subsection](#) notifies the commissioner that the applicant will not be available at the health care facility, assisted living program, or hospital address at any time during the ten-day period after the ballots are printed, if applicable, or during the fourteen-day period immediately prior to the election, but will be available there at some other time prior to the election or on election day, the commissioner shall direct the two special precinct election officers to deliver the applicant's ballot at an appropriate time preceding the election or on election day. If a person who so requested an absentee ballot has been dismissed from the health care facility or hospital, or is no longer a tenant of the assisted living program, the special precinct election officers may take the ballot to the voter if the voter is currently residing in the county.

c. The special precinct election officers shall travel together in the same vehicle and both shall be present when an applicant casts an absentee ballot. If either or both of the special precinct election officers fail to appear at the time the duties set forth in [this section](#) are to be performed, the commissioner shall at once appoint some other person, giving preference to persons designated by the respective county chairpersons of the political parties described in [section 49.13](#), to carry out the requirements of [this section](#). The persons authorized by [this subsection](#) to deliver an absentee ballot to an applicant, if requested, may assist the applicant in filling out the ballot as permitted by [section 49.90](#). After the voter has securely sealed the marked ballot in the envelope provided and has subscribed to the oath, the voted absentee ballots shall be deposited in a sealed container which shall be returned to the commissioner on the same day the ballots are voted. On election day the officers shall return the sealed container by the time the polls are closed.

3. Any registered voter who becomes a patient, tenant, or resident of a hospital, assisted living program, or health care facility in the county where the voter is registered to vote after the deadline to make a written application for an absentee ballot as provided in [section 53.2](#) or on election day may request an absentee ballot during that period or on election day. As an alternative to the application procedure prescribed by [section 53.2](#), the registered voter may make the request directly to the officers who are delivering and returning absentee ballots under [this section](#). Alternatively, the request may be made by telephone to the office of the commissioner not later than four hours before the close of the polls. If the requester is found to be a registered voter of that county, these officers shall deliver the appropriate absentee ballot to the registered voter in the manner prescribed by [this section](#).

4. For any election except a primary or general election or a special election to fill a vacancy under [section 69.14](#), the commissioner may, as an alternative to [subsection 2](#), mail an absentee ballot to an applicant under [this section](#) to be voted and returned to the commissioner in accordance with [this chapter](#). [This subsection](#) only applies to applications for absentee ballots from a single health care facility, assisted living program, or hospital if there are no more than two applications from that facility, program, or hospital.

5. The commissioner shall mail an absentee ballot to a registered voter who has applied for an absentee ballot and who is a patient, tenant, or resident of a hospital, assisted living program, or health care facility outside the county in which the voter is registered to vote.

6. a. If the registered voter becomes a patient, tenant, or resident of a hospital, assisted living program, or health care facility outside the county where the voter is registered to vote after the deadline to make a written application for an absentee ballot as provided in [section 53.2](#) or on election day, the voter may designate a person to deliver and return the absentee ballot. The designee shall be a person not prohibited to collect and deliver a completed ballot pursuant to [section 53.33](#). The request for an absentee ballot may be made by telephone to the office of the commissioner not later than four hours before the close of the polls. If the requester is found to be a registered voter of that county, the ballot shall be delivered by mail or by the person designated by the voter. An application form shall be included with the absentee ballot and shall be signed by the voter and returned with the ballot.

b. Absentee ballots voted under [this subsection](#) shall be delivered to the commissioner no later than the time the polls are closed on election day. If the ballot is returned by mail the return envelope must be received by the time the polls close, or be clearly postmarked by an officially authorized postal service or bear a postal service barcode traceable to a date of entry into the federal mail system not later than the day before the election, as provided in

section 53.17A, and received by the commissioner no later than the time established for the canvass by the board of supervisors for that election.

7. Observers representing candidates, political parties, or nonparty political organizations, or observers who are opponents or proponents of a ballot issue to be voted on at the election are prohibited from being present at a hospital, assisted living program, or health care facility during the time the special precinct election officers are delivering absentee ballots to the patients, tenants, or residents of such hospital, assisted living program, or health care facility.

8. The proof of identity requirements under section 49.78 shall not apply to a voter casting a ballot pursuant to this section.

Subsection 3 amended

Subsection 6, paragraph a amended

53.23 Special precinct election board.

1. The election board of the absentee ballot and special voters precinct shall be appointed by the commissioner in the manner prescribed by sections 49.12 and 49.13, except that the number of precinct election officials appointed to the board shall be sufficient to complete the counting of absentee ballots by 10:00 p.m. on election day.

2. The board's powers and duties shall be the same as those provided in chapter 50 for precinct election officials in regular precinct polling places. However, the election board of the special precinct shall receive from the commissioner and count all absentee ballots for all precincts in the county; when two or more political subdivisions in the county hold elections simultaneously the special precinct election board shall count absentee ballots cast in all of the elections so held. The tally list shall be recorded on forms prescribed by the state commissioner.

3. a. The commissioner shall set the convening time for the board, allowing a reasonable amount of time to complete counting all absentee ballots by 10:00 p.m. on election day.

b. (1) The commissioner may direct the board to meet on the day before the election for the purpose of reviewing the absentee voters' affidavits appearing on the sealed envelopes. If in the commissioner's judgment this procedure is necessary due to the number of absentee ballots received, the members of the board may open the sealed affidavit envelopes and remove the secrecy envelope containing the ballot, but under no circumstances shall a secrecy envelope or a return envelope marked with an affidavit be opened before the board convenes on election day, except as provided in paragraph "c". If the affidavit envelopes are opened before election day pursuant to this paragraph "b", the observers appointed by each political party, as defined in section 43.2, shall witness the proceedings. Each political party may appoint up to five observers under this paragraph "b". The observers shall be appointed by the county chairperson or, if the county chairperson fails to make an appointment, by the state chairperson. However, if either or both political parties fail to appoint an observer, the commissioner may continue with the proceedings.

(2) If the board finds any ballot not enclosed in a secrecy envelope and the ballot is folded in such a way that any of the votes cast on the ballot are visible, the two special precinct election officials, one from each of the two political parties referred to in section 49.13, subsection 2, shall place the ballot in a secrecy envelope. No one shall examine the ballot, except as provided in paragraph "c".

c. The commissioner may convene the special precinct election board on the day before the election to begin counting absentee ballots. However, if in the preceding general election the counting of absentee ballots was not completed by 10:00 p.m. on election day, the commissioner shall convene the special precinct election board on the day before the next general election to begin counting absentee ballots. The board shall not release the results of its tabulation pursuant to this paragraph until the count is completed on election day.

4. The room where members of the special precinct election board are engaged in counting absentee ballots on the day before the election pursuant to [subsection 3](#), paragraph “c”, or during the hours the polls are open shall be policed so as to prevent any person other than those whose presence is authorized by [this subsection](#) from obtaining information about the progress of the count. The only persons who may be admitted to that room are the members of the board, five challengers representing each political party, one observer representing any nonparty political organization or any candidate nominated by petition pursuant to [chapter 45](#) or any other nonpartisan candidate in a city or school election appearing on the ballot of the election in progress, one observer representing persons supporting a public measure appearing on the ballot and one observer representing persons opposed to such measure, and the commissioner or the commissioner’s designee. It shall be unlawful for any of these persons to communicate or attempt to communicate, directly or indirectly, information regarding the progress of the count at any time while the board is convened pursuant to [subsection 3](#), paragraph “c”, or at any time before the polls are closed.

5. The special precinct election board shall preserve the secrecy of all absentee and provisional ballots. After the affidavits on the envelopes have been reviewed and the qualifications of the persons casting the ballots have been determined, those that have been accepted for counting shall be opened. The ballots shall be removed from the affidavit envelopes or return envelopes marked with the affidavit, as applicable, without being unfolded or examined, and then shall be thoroughly intermingled, after which they shall be unfolded and tabulated. If secrecy folders or envelopes are used with provisional paper ballots, the ballots shall be removed from the secrecy folders after the ballots have been intermingled.

6. The special precinct election board shall not release the results of its tabulation on election day until all of the ballots it is required to count on that day have been counted, nor release the tabulation of provisional ballots accepted and counted under [chapter 50](#) until that count has been completed.

53.38 What constitutes registration.

Whenever a ballot is requested pursuant to [section 53.39](#) or [53.45](#) on behalf of a voter in the armed forces of the United States, the affidavit upon the envelope marked with the affidavit of such voter, if the voter is found to be an eligible elector of the county to which the ballot is

submitted, shall constitute a sufficient registration under [chapter 48A](#). A completed federal postcard registration and federal absentee ballot request form submitted by such eligible elector shall also constitute a sufficient registration under [chapter 48A](#). The commissioner shall place the voter's name on the registration record as a registered voter if it does not already appear there. The identification requirements of [section 48A.8](#) and the verification requirements of [section 48A.25A](#) do not apply to persons who register to vote under this subchapter.

53.39 Request for ballot — when available.

1. [Section 53.2](#) does not apply in the case of a qualified voter of the state of Iowa serving in the armed forces of the United States. In any such case an application for ballot as provided for in that section is not required and an absent voter's ballot shall be sent or made available to any such qualified voter upon a request as provided in [this subchapter](#).

2. All official ballots to be voted by qualified absent voters in the armed forces of the United States at the primary election and the general election shall be printed prior to forty-five days before the respective elections and shall be available for transmittal to such qualified voters in the armed forces of the United States at least forty-five days before the respective elections. The provisions of [this chapter](#) apply to absent voting by qualified voters in the armed forces of the United States except as modified by the provisions of [this subchapter](#).

53.40 Request requirements — transmission of ballot.

1. *a.* A request in writing for a ballot may be made by any member of the armed forces of the United States who is or will be a qualified voter on the day of the election at which the ballot is to be cast, at any time before the election. Any member of the armed forces of the United States may request ballots for all elections to be held during a calendar year. The request may be made by using the federal postcard application form and indicating that the applicant wishes to receive ballots for all elections as permitted by state law. If the applicant does not specify which elections the request is for, the county commissioner shall send the applicant a ballot for each federal election held after the application is received until the end of the calendar year in which the request is received.

b. Unless the request specifies otherwise, a request for the primary election shall also be considered a request for the general election. In the case of the general election, request may be made not more than seventy days before the election, for and on behalf of a voter in the armed forces of the United States by a spouse, parent, parent-in-law, adult brother, adult sister, or adult child of the voter, residing in the county of the voter's residence. However, a request made by other than the voter may be required to be made on forms prescribed by the state commissioner.

c. A request shall show the residence, including street address, if any, of the voter and the age of the voter and shall designate the address to which the ballot is to be sent. In the case of the primary election, the request shall also show the party affiliation of the voter. The request shall be made to the commissioner of the county of the voter's residence. However, if the request is made by the voter to any elective state, city, or county official, the official shall forward it to the commissioner of the county of the voter's residence, and such request so forwarded shall have the same force and effect as if made directly to the commissioner by the voter.

2. The commissioner shall immediately on the forty-fifth day prior to the particular election transmit ballots to the voter by mail or otherwise, postage prepaid, as directed by the state commissioner, requests for which are in the commissioner's hands at that time,

and thereafter so transmit ballots immediately upon receipt of requests. A request for ballot for the primary election which does not state the party affiliation of the voter making the request is void and of no effect. A request which does not show that the person for whom a ballot is requested will be a qualified voter in the precinct in which the ballot is to be cast on the day of the election for which the ballot is requested, shall not be honored. However, a request which states the age and the city, including street address, and county where the voter resides is sufficient to show that the person is a qualified voter. A request by the voter containing substantially the information required is sufficient.

3. If the affidavit on the envelope marked with the affidavit shows that the affiant is not a qualified voter on the day of the election at which the ballot is offered for voting, the envelope shall not be opened, but the envelope and ballot contained in the envelope shall be preserved and returned by the precinct election officials to the commissioner, who shall preserve them for the period of time and under the conditions provided for in [sections 50.12, 50.13, 50.15, and 50.19](#).

53.41 Records by commissioner — excess requests or ballots.

1. The commissioner of each county shall establish and maintain a record of all requests for ballots which are made, and of all ballots transmitted, and the manner of transmittal, from and received in the commissioner's office under the provisions of [this subchapter](#).

2. If more than one request for absent voter's ballot for a particular election is made to the commissioner before the ballots are ready to mail by or on behalf of a voter in the armed forces of the United States, the last request received shall be honored, except that if one of the requests is made by the voter, the request of the voter shall be honored in preference to a request made on the voter's behalf by another.

3. Not more than one ballot shall be transmitted by the commissioner to any voter for a particular election unless after the ballot has been mailed the voter reports a change in the address to which the ballot should be sent. A ballot shall be mailed using a serial number that indicates that this is a replacement sent to an updated address. The original ballot shall be counted only if the replacement ballot does not arrive. If the commissioner receives more than one absent voter's ballot, provided for by [this subchapter](#), from or purporting to be from any one voter for a particular election, all of the ballots so received from or purporting to be from such voter are void, and the commissioner shall not deliver any of the ballots to the precinct election officials, but shall retain them in the commissioner's office, and preserve them for the period and under the conditions provided for in [sections 50.12, 50.13, 50.15, and 50.19](#).

2. In order for the ballot to be counted, the return envelope must be received in the commissioner’s office before the polls close on election day or be clearly postmarked by an officially authorized postal service or bear a postal service barcode traceable to a date of entry into the federal mail system not later than the day before the election, as provided in [section 53.17A](#), and received by the commissioner not later than noon on the Monday following the election.

53.45 Special absentee ballot.

1. *a.* As provided in [this section](#), the commissioner shall provide special absentee ballots to be used for general elections. A special absentee ballot shall only be provided to an eligible elector who completes an application stating both of the following to the best of the eligible elector’s belief:

The special absentee ballot shall list the offices and measures, if known, scheduled to appear on the general election ballot. The eligible elector may use the special absentee ballot to write in the name of any eligible candidate for each office and may vote on any measure.

2. With any special absentee ballot issued under [this section](#), the commissioner shall include a listing of any candidates who have filed before the time of the application for offices that will appear on the ballot at that general election and a list of any measures that have been referred to the ballot before the time of the application.

3. Write-in votes on special absentee ballots shall be counted in the same manner provided by law for the counting of other write-in votes. The commissioner shall process and canvass the special absentee ballots provided under [this section](#) in the same manner as other absentee ballots.

4. Notwithstanding the provisions of [section 53.49](#), an eligible elector who requests a special absentee ballot under [this section](#) may also make application for an absentee ballot under [section 53.2](#) or an armed forces absentee ballot under [section 53.40](#). If the regular absentee or armed forces absentee ballot is properly voted and returned, the special absentee ballot is void and the commissioner shall reject it in whole when special absentee ballots are canvassed.
