

**12J.1 Legislative findings and intent.**

The general assembly is deeply concerned and does not support boycotts and related tactics that have become a tool of economic warfare that threaten the sovereignty and security of allies and trade partners of the United States, including the state of Israel. Therefore, the general assembly intends that state funds and funds administered by the state, including public employee retirement funds, should not be invested in, and public contracts should not be entered into with, companies that refuse to engage in commerce with Israel and boycott Israel or persons doing business in Israel or territories controlled by Israel.
