

214A.21A Notice of renewable fuel — decal.

1. *a.* If ethanol blended gasoline classified as higher than standard ethanol blended gasoline is advertised for sale or sold at a retail motor fuel site, the motor fuel dispenser dispensing the ethanol blended gasoline shall be affixed with a decal stating that the classification of the ethanol blended gasoline is for use in flexible fuel vehicles.

b. If biobutanol blended gasoline is advertised for sale or sold at a retail motor fuel site, the motor fuel dispenser dispensing the biobutanol blended gasoline shall be affixed with a decal identifying the classification of biobutanol blended gasoline.

2. The design and location of the decal shall be prescribed by rules adopted by the department. A decal identifying a renewable fuel shall be consistent with standards adopted pursuant to [section 159A.6](#). The department may approve an application to place a decal in a special location on a dispenser or container or use a decal with special lettering or colors, if the decal appears clear and conspicuous to the consumer. The application shall be made in writing pursuant to procedures adopted by the department.
