461.38 Lake restoration account — allocations.

- 1. A lake restoration account is created in the trust fund. Seven percent of the moneys credited to the trust fund shall be allocated to the account.
- 2. The department of natural resources shall use moneys in the account to support public lake restoration initiatives as follows:
- a. An initiative shall account for a lake's recreational, environmental, aesthetic, ecological, and social value. It must improve water quality.
- b. The department's decision to prioritize an initiative may be based on the department's lake restoration plan and report as provided in section 456A.33B.
