

479.28 Orders — enforcement.

If a pipeline company fails to obey an order within a time prescribed by the board, the board may commence an equitable action in the district court of the county where the defective, unsafe, or dangerous portion of the pipeline, device, apparatus, or equipment is located to compel compliance with the board's order. If, after trial of the action, the court finds that the order is reasonable, equitable, and just, the court shall issue a decree compelling obedience to and compliance with the order and may grant such other relief as may be just and proper. Appeal from the decree may be taken in the same manner as in other actions.
