

**521F.11 Foreign health organizations.**

1. A foreign health organization, upon the written request of the commissioner, shall submit to the commissioner a risk-based capital report for the previous calendar year just ended by the later of the following:

- a. The filing date.
- b. Fifteen days after the request is received by the foreign health organization.

2. A foreign health organization, upon the written request of the commissioner, shall promptly submit to the commissioner a copy of any risk-based capital plan that is filed with the insurance commissioner of any other state.

3. The commissioner may require a foreign health organization to file a risk-based capital plan under either of the following circumstances:

- a. In the event of a company-action-level event, regulatory-action-level event, or authorized-control-level event as determined under the risk-based capital statute applicable in the state of domicile of the foreign health organization, or, if no risk-based capital statute is in force in that state, under [this chapter](#).

- b. The insurance commissioner of the state of domicile of the foreign health organization fails to require the foreign health organization to file a risk-based capital plan in the manner specified under that state's risk-based capital statute, or, if no risk-based capital statute is in force in that state, pursuant to [this chapter](#).

4. The failure of the foreign health organization to file a risk-based capital plan is sufficient grounds to order the health organization to cease and desist from writing new insurance business in this state.

5. In the event of a mandatory-control-level event with respect to a foreign health organization, if a domiciliary receiver has not been appointed with respect to the foreign health organization under the rehabilitation and liquidation statute applicable in the state of domicile of the foreign health organization, the commissioner may make application to the district court as permitted under [chapter 507C](#) with respect to the liquidation of property of foreign health organizations found in this state, and the occurrence of the mandatory-control-level event shall be considered adequate grounds for the application.
