C93, §670.3

670.4 Claims exempted.

1. The liability imposed by [section 670.2](#) shall have no application to any claim enumerated in [this section](#). As to any of the following claims, a municipality shall be liable only to the extent liability may be imposed by the express statute dealing with such claims and, in the absence of such express statute, the municipality shall be immune from liability:

a. Any claim by an employee of the municipality which is covered by the Iowa workers' compensation law.

b. Any claim in connection with the assessment or collection of taxes.

c. Any claim based upon an act or omission of an officer or employee of the municipality, exercising due care, in the execution of a statute, ordinance, or regulation whether the statute, ordinance or regulation is valid, or based upon the exercise or performance or the failure to exercise or perform a discretionary function or duty on the part of the municipality or an officer or employee of the municipality, whether or not the discretion is abused.

d. Any claim against a municipality as to which the municipality is immune from liability by the provisions of any other statute or where the action based upon such claim has been barred or abated by operation of statute or rule of civil procedure.

e. Any claim for punitive damages.

f. Any claim for damages caused by a municipality's failure to discover a latent defect in the course of an inspection.

g. Any claim based upon or arising out of a claim of negligent design or specification, negligent adoption of design or specification, or negligent construction or reconstruction of a highway, secondary road, or street as defined in [section 321.1, subsection 78](#), that was constructed or reconstructed in accordance with a generally recognized engineering or safety standard, criteria, or design theory in existence at the time of the construction or reconstruction. A claim under [this chapter](#) shall not be allowed for failure to upgrade, improve, or alter any aspect of an existing highway, secondary road, or street, to new, changed, or altered design standards. In respect to highways and roads, sealcoating, asphaltting, patching, resurfacing, ditching, draining, repairing, graveling, rocking, blading, or maintaining an existing highway or road does not constitute reconstruction. This paragraph shall not apply to claims based upon gross negligence.

h. Any claim based upon or arising out of a claim of negligent design or specification, negligent adoption of design or specification, or negligent construction or reconstruction of a public improvement as defined in [section 384.37, subsection 19](#), or other public facility that was constructed or reconstructed in accordance with a generally recognized engineering or safety standard, criteria, or design theory in existence at the time of the construction or reconstruction. A claim under [this chapter](#) shall not be allowed for failure to upgrade, improve, or alter any aspect of an existing public improvement or other public facility to new, changed, or altered design standards. This paragraph shall not apply to claims based upon gross negligence. This paragraph takes effect July 1, 1984, and applies to all cases tried or retried on or after July 1, 1984.

i. Any claim based upon an act or omission by an officer or employee of the municipality or the municipality's governing body, in the granting, suspension, or revocation of a license or permit, where the damage was caused by the person to whom the license or permit was issued, unless the act of the officer or employee constitutes actual malice or a criminal offense.

j. Any claim based upon an act or omission of an officer or employee of the municipality, whether by issuance of permit, inspection, investigation, or otherwise, and whether the statute, ordinance, or regulation is valid, if the damage was caused by a third party, event, or

property not under the supervision or control of the municipality, unless the act or omission of the officer or employee constitutes actual malice or a criminal offense.

k. A claim based upon or arising out of an act or omission of a municipality in connection with an emergency response including but not limited to acts or omissions in connection with emergency response communications services. For the purposes of this paragraph, “municipality” includes a nonprofit corporation that delivers such emergency response services on behalf of a city, county, township, or benefited fire district pursuant to a written contract. The city, county, township, or benefited fire district shall file the written contract and any amendment, modification, or notice of termination of the contract in an electronic format with the secretary of state within thirty days of the effective date of the contract, amendment, modification, or termination in a manner specified by the secretary of state.

l. A claim relating to a swimming pool or spa as defined in [section 135I.1](#) which has been inspected by a municipality or the state in accordance with [chapter 135I](#), or a swimming pool or spa inspection program which has been certified by the state in accordance with that chapter, whether or not owned or operated by a municipality, unless the claim is based upon an act or omission of an officer or employee of the municipality and the act or omission constitutes actual malice or a criminal offense.

m. A claim based on an act or omission by a county or city pursuant to [section 717.2A](#) or [chapter 717B](#) relating to either of the following:

- (1) Rescuing neglected livestock or another animal by a law enforcement officer.
- (2) Maintaining or disposing of neglected livestock or another animal by a county or city.

n. Any claim based upon or arising out of a claim of negligent design or specification, negligent adoption of design or specification, or negligent construction or reconstruction of a public facility designed for recreational activities that was constructed or reconstructed, reasonably and in good faith, in accordance with generally recognized engineering or safety standards or design theories in existence at the time of the construction or reconstruction.

o. Any claim for injuries or damages based upon or arising out of an act or omission of an officer or employee of the municipality or the municipality’s governing body and arising out of a recreational activity occurring on public property where the claimed injuries or damages resulted from the normal and expected risks inherent in the recreational activity and the person engaging in the recreational activity was voluntarily on the public property where the injuries or damages occurred and knew or reasonably should have known that the recreational activity created a substantial risk of injuries or damages.

p. Any claim against a [chapter 28E](#) entity or an officer or employee of the entity in any way arising out of, or related to, the acts or omissions, operations, or acceptance of waste by the entity, at the request of federal or state agencies, or any political subdivision of this state, in response to a disaster emergency declared by the governor pursuant to [section 29C.6, subsection 1](#), in any way related to an infectious or contagious disease as defined in [section 163.2, subsection 5](#), unless the department of natural resources determines the entity materially deviated from the entity’s direct responsibilities and duties under the special waste authorization issued by the department. A [chapter 28E](#) entity receiving waste under this paragraph shall not be responsible for actions or inactions of any other parties and shall have no duty to assess, challenge, or evaluate the efficacy or safety of the means of disposal pursuant to any governmental rule, order, special waste authorization, or directive.

q. Any claim relating to a constructed honeybee hive on municipal property, provided the municipality or beehive owner, if not the municipality, acted reasonably and in good faith.

r. Any claim arising from the performance, failure to perform, nature, age, condition, or packaging of any vehicle or equipment used in fire fighting, emergency medical response, or law enforcement which has been donated in good faith without payment to any organization engaged in fire fighting or emergency medical services, or to a law enforcement agency.

2. The remedy against the municipality provided by [section 670.2](#) shall be exclusive of any other civil action or proceeding by reason of the same subject matter against the officer, employee or agent whose act or omission gave rise to the claim, or the officer’s, employee’s, or agent’s estate.

3. **This section** does not expand any existing cause of action or create any new cause of action against a municipality.

670.4A Qualified immunity.

1. Notwithstanding any other provision of law, an employee or officer subject to a claim brought under [this chapter](#) shall not be liable for monetary damages if any of the following apply:

a. The right, privilege, or immunity secured by law was not clearly established at the time of the alleged deprivation, or at the time of the alleged deprivation the state of the law was not sufficiently clear that every reasonable employee would have understood that the conduct alleged constituted a violation of law.

b. A court of competent jurisdiction has issued a final decision on the merits holding, without reversal, vacatur, or preemption, that the specific conduct alleged to be unlawful was consistent with the law.

2. A municipality shall not be liable for any claim brought under [this chapter](#) where the employee or officer was determined to be protected by qualified immunity under [subsection 1](#).

3. A plaintiff who brings a claim under [this chapter](#) alleging a violation of the law must state with particularity the circumstances constituting the violation and that the law was clearly established at the time of the alleged violation. Failure to plead a plausible violation or failure to plead that the law was clearly established at the time of the alleged violation shall result in dismissal with prejudice.

4. Any decision by the district court denying qualified immunity shall be immediately appealable.

5. **This section** shall apply in addition to any other statutory or common law immunity.

670.5 Limitation of actions.

Except as provided in [section 614.8](#), a person who claims damages from any municipality or any officer, employee or agent of a municipality for or on account of any wrongful death, loss, or injury within the scope of [section 670.2](#) or [section 670.8](#) or under common law shall commence an action therefor within two years after the alleged wrongful death, loss, or injury.

670.6 Death — claim presented by another.

When the claim is one for death by wrongful act or omission, the notice may be presented by the personal representative, surviving spouse, or next of kin, or the consular officer of the foreign country of which the deceased was a citizen, within one year after the alleged injury resulting in such death; but if the person for whose death the claim is made has presented a notice that would have been sufficient had the person lived, an action for wrongful death may be brought without additional notice.

C93, §670.6

670.7 Insurance.

1. The governing body of a municipality may purchase a policy of liability insurance insuring against all or any part of liability which might be incurred by the municipality or its officers, employees, and agents under [section 670.2](#) and [section 670.8](#) and may similarly purchase insurance covering torts specified in [section 670.4](#). The governing body of a municipality may adopt a self-insurance program, including but not limited to the investigation and defense of claims, the establishment of a reserve fund for claims, the payment of claims, and the administration and management of the self-insurance program, to cover all or any part of the liability. The governing body of a municipality may join and pay funds into a local government risk pool to protect the municipality against any or all liability, loss of property, or any other risk associated with the operation of the municipality. The governing body of a municipality may enter into insurance agreements obligating the municipality to make payments beyond its current budget year to provide or procure the policies of insurance, self-insurance program, or local government risk pool. The premium costs of the insurance, the costs of a self-insurance program, the costs of a local government risk pool, and the amounts payable under the insurance agreements may be paid out of the general fund or any available funds or may be levied in excess of any tax limitation imposed by statute. However, for school districts, the costs shall be included in the district management levy as provided in [section 296.7](#) if the district has certified a district management levy. If the district has not certified a district management levy, the cost shall be paid from the general fund. Any independent or autonomous board or commission in the municipality having authority to disburse funds for a particular municipal function without approval of the governing body may similarly enter into insurance agreements, procure liability insurance, adopt a self-insurance program, or join a local government risk pool within the field of its operation.

2. The procurement of this insurance constitutes a waiver of the defense of governmental immunity as to those exceptions listed in [section 670.4](#) to the extent stated in the policy but shall have no further effect on the liability of the municipality beyond the scope of [this chapter](#), but if a municipality adopts a self-insurance program or joins and pays funds into a local government risk pool the action does not constitute a waiver of the defense of governmental immunity as to the exceptions listed in [section 670.4](#).

3. The existence of any insurance which covers in whole or in part any judgment or award which may be rendered in favor of the plaintiff, or lack of any such insurance, shall not be material in the trial of any action brought against the governing body of a municipality, or its officers, employees, or agents, and any reference to such insurance, or lack of insurance, is grounds for a mistrial. A self-insurance program or local government risk pool is not insurance and is not subject to regulation under [chapters 505 through 523C](#).

4. The association of Iowa fairs or a fair as defined in [section 174.1](#) and a library district established pursuant to [section 336.2](#) shall each be deemed a municipality as defined in [this chapter](#) only for the purpose of joining a local government risk pool as provided in [this section](#).

670.8 Officers and employees defended.

1. The governing body shall defend its officers and employees, whether elected or appointed and shall save harmless and indemnify the officers and employees against any tort claim or demand, whether groundless or otherwise, arising out of an alleged act or omission occurring within the scope of their employment or duties. However, the duty to save harmless and indemnify does not apply to awards for punitive damages. The exception for punitive damages does not prohibit a governing body from purchasing insurance to protect its officers and employees from punitive damages. The duty to save harmless and indemnify does not apply and the municipality is entitled to restitution by an officer or

employee if, in an action commenced by the municipality against the officer or employee, it is determined that the conduct of the officer or employee upon which the tort claim or demand was based constituted a willful and wanton act or omission. Any independent or autonomous board or commission of a municipality having authority to disburse funds for a particular municipal function without approval of the governing body shall similarly defend, save harmless and indemnify its officers and employees against tort claims or demands.

2. The duties to defend and to save harmless and indemnify shall apply whether or not the municipality is a party to the action and shall include but not be limited to cases arising under 42 U.S.C. §1983.

3. In the event the officer or employee fails to cooperate in the defense against the claim or demand, the municipality shall have a right of indemnification against that officer or employee.

When a final judgment is entered against or a settlement is made by a municipality for a claim within the scope of [section 670.2](#) or [670.8](#), payment shall be made and the same remedies apply in the case of nonpayment as in the case of other judgments against the municipality. If a judgment or settlement is unpaid at the time of the adoption of the annual budget, the municipality shall budget an amount sufficient to pay the judgment or settlement together with interest accruing on it to the expected date of payment. A tax may be levied in excess of any limitation imposed by statute. However, for school districts the costs of a judgment or settlement under [this section](#) shall be included in the district management levy pursuant to [section 298.4](#).
