Commercial sales are incidental to the research or experimental purposes of the corporation or limited liability company when such sales are less than twenty-five percent of the gross sales of the primary product of the research.

(2) The agricultural land is used for the primary purpose of testing, developing, or producing seeds or plants for sale or resale to farmers as seed stock. (3) (a) The agricultural land is used by a corporation or limited liability company, including any trade or business which is under common control, as provided in 26 U.S.C. §414 for the primary purpose of testing, developing, or producing animals for sale or resale to farmers as breeding stock. However, this subparagraph subdivision does not apply to a nonprofit corporation as defined in [section 9H.1, subsection 20](#), paragraph “a”.

(ii) A term or condition of sale, including resale, of breeding stock must not relate to the direct or indirect control by the corporation or limited liability company of the breeding stock or breeding stock progeny subsequent to the sale.

(iii) The number of acres of agricultural land held by the corporation or limited liability company must not exceed six hundred forty acres.

(iv) The corporation or limited liability company must deliver a copy of the lease to the secretary of state. The secretary of state shall notify the lessee of receipt of the copy of the lease. (b) Culls and test animals may be sold under this subparagraph (3). For a three-year period beginning on the date that the corporation or limited liability company acquires an interest in the agricultural land, the gross sales for any year shall not be greater than five hundred thousand dollars. After the three-year period ends, the gross sales for any year shall not be greater than twenty-five percent of the gross sales for that year of the breeding stock, or five hundred thousand dollars, whichever is less.
