

88A.14 Injunction.

In addition to any and all other remedies, if an owner, operator, or person in charge of any amusement device or ride, concession booth, or related electrical equipment covered by [this chapter](#), continues to operate any amusement device or ride, concession booth, or related electrical equipment covered by [this chapter](#), after receiving a notice of defect as provided by [this chapter](#), without first correcting the defects or making replacements, the director may petition the district court in equity, in an action brought in the name of the state, for a writ of injunction to restrain the use of the alleged defective amusement device or ride, concession booth, or related electrical equipment.
