

148G.7 Persons exempt from licensing requirement.

1. The following persons may provide sleep-related services without being licensed as a respiratory care and polysomnography practitioner or as a polysomnographic technologist under [this chapter](#):

a. A qualified health care practitioner may provide sleep-related services under the direct supervision of a licensed respiratory care and polysomnography practitioner or a licensed polysomnographic technologist for a period of up to six months while gaining the clinical experience necessary to meet the admission requirements for a polysomnographic credentialing examination. The board may grant a one-time extension of up to six months.

b. A polysomnographic student may provide sleep-related services under the direct supervision of a respiratory care and polysomnography practitioner or a polysomnographic technologist as a part of the student's educational program while actively enrolled in a polysomnographic educational program that is accredited by the commission on accreditation of allied health education programs or an equivalent program as determined by the board.

2. Before providing any sleep-related services, a polysomnographic technician or polysomnographic student who is obtaining clinical experience shall give notice to the board that the person is working under the direct supervision of a respiratory care and polysomnography practitioner or a polysomnographic technologist in order to gain the experience to be eligible to sit for a national certification examination. The person shall wear a badge that appropriately identifies the person while providing such services.
