d. To facilitate the organization of the Iowa fund of funds in which to seek such private investment and to create interest in such investments by offering state incentives for private persons to make investments in the Iowa fund of funds.

e. To enhance the venture capital culture and infrastructure in the state of Iowa so as to increase venture capital investment within the state and to promote venture capital investing within Iowa.

f. To accomplish these purposes in such a manner as to minimize any appropriations by the state of Iowa.

g. To effectuate specific, measurable results, including all of the following:

(1) The creation of three new venture capital fund offices in Iowa within three years of February 28, 2002.

(2) The investment of resources from the Iowa fund of funds in Iowa businesses within three years of February 28, 2002.

if redeemed for the maximum possible amount, shall not exceed a total aggregate of sixty million dollars of tax credits. The certificates shall be issued contemporaneously with a commitment to invest in the Iowa fund of funds by a designated investor. A certificate issued by the board shall have a specific maturity date or dates designated by the board and shall be redeemable only in accordance with the contingencies reflected on the certificate or incorporated therein by reference. A certificate and the related tax credit shall be transferable by the designated investor. A tax credit shall not be claimed or redeemed except by a designated investor or transferee in accordance with the terms of a certificate from the board. A tax credit shall not be claimed for a tax year that begins earlier than the maturity date or dates stated on the certificate. An individual may claim the credit of a partnership, limited liability company, S corporation, estate, or trust electing to have the income taxed directly to the individual. The amount claimed by the individual shall be based upon the pro rata share of the individual's earnings from the partnership, limited liability company, S corporation, estate, or trust. Any tax credit in excess of the taxpayer's tax liability for the tax year may be credited to the tax liability for the following seven years, or until depleted, whichever is earlier.

The rates, whether fixed rates or variable rates, shall be determined pursuant to a formula stipulated in the certificate or incorporated therein by reference. The board shall clearly indicate on the certificate, or incorporate therein by reference, the schedule, the amount of equity investment, the calculation formula for determining the scheduled aggregate return on invested capital, and the calculation formula for determining the amount of the tax credit that may be claimed. Once issued to a designated investor, a certificate shall be binding on the board and the department of revenue and shall not be modified, terminated, or rescinded.

3. If a designated investor or transferee elects to redeem a certificate, the certificate shall not be redeemed prior to the maturity date or dates stated on the certificate. At the time of redemption, the board shall determine the amount of the tax credit that may be claimed by the designated investor based upon the returns received by the designated investor and its predecessors in interest and the provisions of the certificate. The board shall issue a verification to the department of revenue setting forth the maximum tax credit which can be claimed by the designated investor with respect to the redemption of the certificate.

4. The board shall, in conjunction with the department of revenue, develop a system for registration of any certificate and related tax credit issued or transferred pursuant to [this section](#) and a system that permits verification that any tax credit claimed upon a tax return is valid and that any transfers of the certificate and related tax credit are made in accordance with the requirements of [this subchapter](#).

5. The board shall issue the tax credits in such a manner that not more than twenty million dollars of tax credits may be initially redeemable in any fiscal year. The board shall indicate on the tax certificate the principal amount of the tax credit and the maturity date or dates on which the credit may be first claimed.

6. A certificate or tax credit issued or transferred pursuant to [this subchapter](#) shall not be considered a security pursuant to [chapter 502](#).

7. In determining the maximum aggregate limit in [subsection 1](#) and the fiscal year limitation in [subsection 5](#), the board shall use the cumulative amount of scheduled aggregate returns on certificates issued by the board to designated investors. However, certificates and related tax credits which have expired shall not be included and certificates and related tax

credits which have been redeemed shall be included only to the extent of tax credits actually allowed.

The assignment agreement shall be subject to all of the following:

(a) The period of assignment may be for any number of years. The authority shall apply to the amounts due under the Iowa agricultural industry finance loan the principal, interest, and fees which the eligible person is obligated to pay under the assigned loan. The total amount of the principal, interest, and fees that the eligible person is obligated to pay to the authority during the period of assignment plus any other repayment of the Iowa agricultural industry finance loan made by the corporation to the authority must equal the amount of the Iowa agricultural industry finance loan that the corporation would otherwise be obligated to repay the authority during that same period. However, the agreement may provide that during any year of the assignment period the eligible person may pay more or less than four percent of the amount of the Iowa agricultural industry finance loan that the corporation would otherwise be obligated to repay during that year.

(b) The assignment agreement shall contain conditions relating to the right of payment assigned to the authority which may include securing the payment obligation in any manner that allows the authority to enforce a debt against the property of the eligible person. The authority shall not have a right of recourse against the corporation for any amount required to be applied from the assigned loan to the Iowa agricultural industry finance loan.

(c) Notwithstanding any provision of [this subchapter](#) to the contrary, payments on the principal balance of the loan granted by the corporation to an eligible person and assigned to the department of economic development pursuant to this subparagraph during calendar year 2003 shall be deferred until October 1, 2007. The eligible person shall pay the interest amount on October 1, 2010. Upon the payment of the principal balance of the loan and the accrued interest, the debt shall be retired.

(d) Notwithstanding any provision of [this subchapter](#) to the contrary, the corporation shall repay the department of economic development, or its successor entity, the principal balance of the Iowa agricultural industry finance loan beginning on October 1, 2007. The principal balance of the loan equals twenty-one million five hundred seventeen thousand two hundred thirty-nine dollars. The corporation shall repay the department of economic development, or its successor entity, five hundred seventeen thousand two hundred thirty-nine dollars by October 1, 2007, and for each subsequent year the corporation shall repay the department, or its successor entity, at least one million dollars by October 1 until the total principal balance of the loan is repaid. This subparagraph shall not be construed to limit the authority of the department of economic development, or its successor entity, to negotiate the payment of interest accruing on the principal balance which shall be paid as provided by an agreement executed by the department of economic development, or its successor entity, and the corporation.

(e) Notwithstanding any provision of [this subchapter](#) to the contrary, payments of principal and interest of the loan granted by the corporation to an eligible person and assigned to the department of economic development pursuant to this subparagraph during calendar year 2003 which were deferred pursuant to subparagraph division (c) shall be forgiven and the total debt, including interest, shall be retired.

Evidence of such disregard shall include a history of serious or uncorrected violations of state or federal law protecting occupational health and safety or the environment, including but not limited to serious or uncorrected violations of occupational safety and health standards enforced by the division of labor services of the department of inspections, appeals, and licensing pursuant to [chapter 10A](#), or rules enforced by the department of natural resources pursuant to [chapter 455B](#) or [459, subchapters II and III](#).
